**UPDATE DIRECTORY INFORMATION ▶**

## Come Take a Look!

We are redesigning our Web site. The new design will enhance **emblemhealth.com's** look and feel, improve the navigation and make it easier to find the information you need to take care of your patients. Our goal is to make working with us as hassle-free and simple as possible.

The new design will launch at the end of June 2013. It will work on all platforms, including desktop, tablet and mobile.

When you visit our redesigned Web site at the end of June, we think you'll like what you see.

## Soon... New Interactive Provider Manual

In a few months your office will be able to take advantage of our redesigned interactive Provider Manual. The manual will offer powerful Web tools, including a new table of contents and keyword search that will make finding information in our administrative guidelines faster and easier. You will also be able to subscribe to the chapters and sections you use most often in order to receive e-mails when these portions of the manual are updated. Stay tuned — more details to follow.
