Member Rights and Responsibilities

Members of EmblemHealth, GHI and HIP have a right to appropriate treatment in a proper setting. Members have a right to know what to expect and also what we expect from them. It is important that practitioners have the same information about member rights and responsibilities in order to ensure that our members, your patients, get the care and services to which their benefit plan entitles them.

[Member Rights and Member Responsibilities](#) are available for your review and may also be found in your [EmblemHealth Provider Manual](#).
