## Clinical Corner

[Clinical Corner](#) is an easily accessible resource for updated information on clinical practice guidelines, medical policies and medical technologies. Formulary updates for EmblemHealth Commercial, Medicare and Medicaid plans are also available. Check Clinical Corner regularly to see the latest clinical updates.

The Health Status Improvement Committee meets regularly to review medical best practices and current clinical approaches to the treatment of disease states and conditions. The committee selects and adopts what it considers the most expert and effective clinical practice guidelines (CPGs) for our network practitioners. The following CPGs were recently adopted or updated by the Health Status Improvement Committee:

- [Cholesterol Management for Adults at Risk for Cardio/Vascular Disease](#)
- [Congestive Heart Failure](#)
- [Diabetes Mellitus](#)
- [Low Back Pain Diagnosis and Treatment](#)
- [Urinary Incontinence](#)
