

# When it comes to care, EmblemHealth has a Community ‘Advantage’

## WHAT IS WHOLE YOU CARE?

EmblemHealth offers members affordable health coverage with access to convenient, high-quality care options. That’s why you have access to AdvantageCare Physicians (ACPNY). ACPNY’s extensive medical care and related services ensure you have the **advantage** you need to stay healthy.

### AdvantageCare Physicians

ACPNY is a primary and specialty care practice serving half a million patients across all five New York boroughs\* and Long Island. ACPNY focuses on the needs of each individual patient — their mental and physical needs, and the lifestyle factors that impact their health. It’s a “whole you” approach that helps patients pursue better health and gives them easy access to care. Many offices have on-site lab and radiology services, and also offer virtual visits.

### The ACPNY Difference: A True Partner in Care

The ACPNY care approach is designed for patients, and partners with them in their health care journey. From offering a range of appointment hours across locations, to coordinating with hospitals to ensure a swift recovery, ACPNY’s goal is to make the experience easier for you.

Staying connected with your ACPNY Care Team is easy and convenient. And, your Care Team is thinking of your care even when you may not be. They help you stay on top of your medications, screenings, and your next visit. It’s all part of the ACPNY care experience. To your Care Team, you are not just another visit; you are their patient.

**Personalized Care Team:** Led by a Primary Care Provider. Having a Primary Care Provider to look after your whole health picture leads to healthier outcomes.

**Specialty Care Providers:** Range of specialists that work closely with your Care Team for a seamless approach to care. If needed, ACPNY can also provide same-day referrals to specialists.

**EmblemHealth Neighborhood Care:** Get direct access to valuable neighborhood services at EmblemHealth Neighborhood Care. Many ACPNY offices share locations with them.

**Care from Home:** Essential care from your providers — via video, telephone, or text message — means you can get the care you need, right from the comfort and convenience of your own home.

The **myACPNY Patient Portal:** Stay connected to your care no matter where you are, or which office you visit.

**COVID-19 Testing:** More than 20 offices offering communities access to diagnostic and antibody testing.

**COVID-19 Testing:** In partnership with the City of New York and New York State, ACPNY has brought COVID-19 testing to our communities. Simply schedule for a virtual visit screening, and then a Provider will determine whether you should receive a diagnostic or antibody test. Testing is now available at more than 20 ACPNY offices. **Visit [acpny.com/testing](https://acpny.com/testing) for location information and call the following dedicated testing line to schedule your screening: 866-749-2660**
