Employed twenty (20) or more full or part time employees for twenty (20) or more calendar weeks for each working day in each of twenty (20) or more calendar weeks in the current calendar year (or the preceding calendar year).

- **NOTE:** All employers that are treated as a single employer under Internal Revenue Code Section 52 must be treated as a single employer for purpose of the Medicare secondary payer rules. According to Internal Revenue Code Section 52, all employees of all corporations that are members of the same controlled group of corporations must be treated as employed by a single employer. This means that if a parent company owns at least fifty percent (50%) of a subsidiary, then the number of employees of the parent and the subsidiary must be combined for purposes of determining the 20-employee threshold. Similarly, brother-sister corporations may be combined in some cases if the parent corporation owns at least fifty percent (50%) of the brother-sister corporations.
- **B.** Please check here if your group is a large group health plan. A large group health plan is a plan of, or contributed to by, an employer or employee organization to provide health benefits that cover the employees of at least one (1) employer that normally employed at least one hundred (100) employees on a typical business day during the preceding calendar year.
