

When it comes to care, EmblemHealth has an Advantage.

EmblemHealth is dedicated to offering your employees affordable health coverage with access to high-quality care options. Because we understand that healthy employees are important contributors to your organization's success, we offer access to AdvantageCare Physicians (ACPNY) as a key benefit of choosing EmblemHealth. With the medical care and related services offered by ACPNY, EmblemHealth is your partner in empowering your employees to live and work healthy.

AdvantageCare Physicians

AdvantageCare Physicians is a primary and specialty care practice that serves half a million patients across the New York metropolitan area. ACPNY's coordinated care model focuses on the needs of each individual patient, providing them with a Care Team who gets to know them — both their mental and physical needs, and the lifestyle factors that impact their health. ACPNY helps employees pursue better health with access to care and to other on-site service providers such as laboratory and radiology.

Convenient Locations, Streamlined Services

With medical offices throughout all five New York boroughs* and Long Island, your employees will have easy access to an ACPNY medical office where they can often receive both primary and specialty care services for themselves and their families — in an environment that reflects who they are and the community they live in. With the myACPNY patient portal, employees enjoy the convenience of having their medical records travel with them to any ACPNY office location, as well as the ability to see test results, request prescription refills, and schedule appointments.

KEY TAKEAWAYS FOR CHOOSING ADVANTAGECARE PHYSICIANS

- Available within all EmblemHealth small group networks.
- Convenient hours with same- and next-day appointments available in many of its locations.
- Specialty Care Providers, and related diagnostic and imaging services.
- A personalized Care Team who understands their whole health picture.
- Guidance on locating and making use of valuable neighborhood services and resources.
