

EmblemHealth Preferred Dental

For Groups with 2–50 Employees

EmblemHealth Preferred Dental takes coverage further than other PPO dental plans. In-network preventive services, basic services, and major procedures are covered at 100%.*

Real Paid-In-Full In-Network Coverage

Aside from any applicable deductible, plan members pay no additional out-of-pocket costs for covered preventive services and complex procedures until the plan annual and/or lifetime benefit maximum is reached. Providers may balance bill members for additional costs not covered by the plan.*

Great Dental Options to Choose From

- Basic and major services plans available with \$1,000 annual maximum and \$50 deductible, or \$1,500 annual maximum and \$25 deductible.
- Plans offered as a contributory option or as a voluntary option — at a \$0 premium.
- Rollover available for a portion of unused calendar-year maximums.
- Coverage available for dependent children and students up to age 26.

Preventive In-Network Services Paid In Full

- ✓ Exams
- ✓ X-rays
- ✓ Cleanings
- ✓ Fluoride treatments
- ✓ Sealants

Basic Services/Major In-Network Procedures Paid In Full

- ✓ Fillings
- ✓ Root canals
- ✓ Wisdom tooth extractions and related IV sedation
- ✓ Periodontal services
- ✓ Repairs to existing crowns, dentures, and bridgework

* Members may be billed by the participating provider for the difference between the amount billed and the amount allowed by your plan when enhanced services are provided and/or upgraded materials are used.

** National network via Careington International.

Choose from over

10,000

general dentists and
specialists in New
York and New Jersey

A Healthy Dental Network

Members can choose from over **10,000 general dentists and specialists in New York and New Jersey**. You can also add access to a **national network****, for coast-to-coast coverage. To ensure we meet high quality standards, the network is fully credentialed by an NCQA-certified Credentials Verification Organization (CVO). With Preferred Dental, members can see any network dentist and specialist without a referral.

Out-of-network insured benefits for covered services are paid at the in-network fee level. For the most up-to-date listings of participating dentists, visit **emblemhealth.com**, click on “Find a Doctor,” and select the “Preferred” Dental Network option.

The Comfort of Administrative Ease

EmblemHealth provides personalized Account Services for groups, streamlined and painless administration. For members and providers, we offer online self-service capabilities that allow them to check on claims, benefits, and much more. Plus, with the **myEmblemHealth mobile app**, members have useful benefit and plan information right at their fingertips. They can sign in to securely manage their benefits, 24/7. The app is downloadable through Android and Apple devices.
