

EMBLEMHEALTH PREFERRED DENTAL

For Groups With 51 or More Employees

EmblemHealth Preferred Dental takes coverage further than other PPO dental plans: in-network preventive services and major procedures are covered at 100 percent.*

Real/ Paid-In-Full In-Network Coverage

Aside from any applicable deductible, plan members pay no additional out-of-pocket costs for preventive services and complex procedures until the plan annual and/or lifetime benefit maximum is reached.

Flexible Options to Care for Your Needs

- Choose your benefit design.
- You can offer this plan as a contributory option, or as a voluntary option — at **\$0 premium** for you.
- You can choose to rollover a portion of unused calendar-year maximums.
- Administrative services only (ASO) and flexible funding arrangements are available.

Preventive Services Paid in Full

- Exams
- X-rays
- Cleanings
- Fluoride treatments
- Sealants

Major Procedures Paid in Full

- Fillings
- Root canals
- Wisdom tooth extractions and related IV sedation
- Periodontal services
- Repairs to existing crowns, dentures and bridgework

A “Healthy” Dental Network

Members can choose from over **8,500 general dentists and specialists in New York and New Jersey**. You can also add access to a **national network**, for coast-to-coast coverage. Our dental network meets the highest quality standards in the nation. The network is fully credentialed by an NCQA certified Credentialing Verification Organization (CVO). With Preferred Dental, members can see any network dentist and specialist without a referral.

The Comfort of Administrative Ease

EmblemHealth has a proven record for fast, efficient claims processing, and we provide personalized Account Services for groups, which adds up to streamlined and painless administration. For members and providers, we offer online self-service capabilities that allow them to check on claims, benefits and much more. Plus, with the **myEmblemHealth mobile app**, members have useful benefit and plan information right at their fingertips. They can sign in to securely manage their benefits, 24/7. The app is downloadable through Android and Apple devices.
