#### Medical Guideline Disclaimer

Property of EmblemHealth. All rights reserved. The treating physician or primary care provider must submit to EmblemHealth the clinical evidence that the patient meets the criteria for the treatment or surgical procedure. Without this documentation and information, EmblemHealth will not be able to properly review the request for prior authorization. The clinical review criteria expressed below reflects how EmblemHealth determines whether certain services or supplies are medically necessary. EmblemHealth established the clinical review criteria based upon a review of currently available clinical information (including clinical outcome studies in the peer reviewed published medical literature, regulatory status of the technology, evidence-based guidelines of public health and health research agencies, evidence-based guidelines and positions of leading national health professional organizations, views of physicians practicing in relevant clinical areas, and other relevant factors). EmblemHealth expressly reserves the right to revise these conclusions as clinical information changes and welcomes further relevant information. Each benefit program defines which services are covered. The conclusion that a particular service or supply is medically necessary does not constitute a representation or warranty that this service or supply is covered and/or paid for by EmblemHealth, as some programs exclude coverage for services or supplies that EmblemHealth considers medically necessary. If there is a discrepancy between this guideline and a member's benefits program, the benefits program will govern. In addition, coverage may be mandated by applicable legal requirements of a state, the Federal Government or the Centers for Medicare & Medicaid Services (CMS) for Medicare and Medicaid members. All coding and web site links are accurate at time of publication. EmblemHealth Services Company LLC, ("EmblemHealth") has adopted the herein policy in providing management, administrative and other services to EmblemHealth Plan, Inc., EmblemHealth Insurance Company, EmblemHealth Services Company, LLC and Health Insurance Plan of Greater New York (HIP) related to health benefit plans offered by these entities. All of the aforementioned entities are affiliated companies under common control of EmblemHealth Inc.

#### **Definitions**

Rhinoplasty is a surgical procedure of the nose to correct external nasal deformity while maintaining, restoring or improving nasal function.

### **Related Medical Guidelines**

Cosmetic Surgery Procedures Septoplasty

#### Guideline

Members are eligible for rhinoplasty when **either** of the following criteria is met:

- 1. Performed in conjunction with a septoplasty for nasal airway obstruction when the nasal deformity contributes to the airway obstruction and septoplasty criteria are met.
- 2. Performed as part of reconstruction for severe deformity when documented obstructive breathing symptoms secondary to any of the following are present:
  - Excision of a nasal abscess.
  - Excision of a malignant mass.
  - Osteomyelitis.
  - Cleft lip and/or palate repair.
  - Nasal trauma or injury that resulted in significant deviation of the nasal pyramid or a creation of a significant dorsal hump.
  - Nasal dermoid
  - Saddle nose deformity from surgery, trauma, or disease (Granulomatosis with Polyangiitis).
  - Vestibular stenosis for prolonged nasal obstruction which is moderate to severe, separate from obstruction caused by deviated septum or turbinate hypertrophy, and causing problems such as breathing difficulty, bleeding, or sinusitis

## **Limitations/Exclusions**

Rhinoplasty is not covered when any of the following are applicable:

- 1. Performed solely to change appearance in the absence of any signs or symptoms of functional abnormalities or nasal defects, as this would be considered cosmetic.
- 2. For treatment of polyps not causing severe deformity.
- 3. Absorbable nasal implants for the treatment of nasal valve collapse (e.g., Latera® Absorbable Nasal Implant, CPT 30468) are considered investigational for Commercial and Medicaid.

## **Revision History**

Feb. 10, 2023	Removed photo documentation prerequisite
Sept.10, 2021	Eliminated prerequisite for nasal trauma/injury to have occurred within 18-months of surgical request
	Removed prerequisite for documentation at time of trauma
	Removed "from a large septal perforation" as an etiology descriptive pertaining to saddle nose deformity
Jun. 1, 2021	Added investigational language for absorbable nasal implants to Limitations/Exclusions section.
Mar. 13, 2020	Added nasal dermoid, saddle nose deformity and vestibular stenosis as covered indications.
