K.2 Prepaid Benefit Package
Definitions of Covered Services

K.3 Medicaid Managed Care Definitions of Non-Covered Services

K.4 Family Health Plus Non-Covered Services
APPENDIX K
PREPAID BENEFIT PACKAGE
DEFINITIONS OF COVERED AND NON-COVERED SERVICES

1. General

a) The categories of services in the Medicaid Managed Care and Family Health Plus Benefit Packages, including optional covered services, shall be provided by the Contractor to MMC Enrollees and FHPlus Enrollees, respectively, when medically necessary under the terms of this Agreement. The definitions of covered and non-covered services herein are in summary form; the full description and scope of each covered service as established by the New York Medical Assistance Program are set forth in the applicable NYS Medicaid Provider Manual, except for the Eye Care and Vision benefit for FHPlus Enrollees which is described in Section 19 of Appendix K.2.

b) All care provided by the Contractor, pursuant to this Agreement, must be provided, arranged, or authorized by the Contractor or its Participating Providers with the exception of most behavioral health services to SSI or SSI-related beneficiaries, and emergency services, emergency transportation, Family Planning and Reproductive Health services, mental health and chemical dependence assessments (one (1) of each per year), court ordered services, and services provided by Local Public Health Agencies as described in Section 10 of this Agreement. HIV SNP covered benefits may vary.

c) This Appendix contains the following sections:

i) K.1 - “Chart of Prepaid Benefit Package” lists the services provided by the Contractor to all Medicaid Managed Care Non-SSI/Non-SSI Related Enrollees, Medicaid Managed Care SSI/SSI-related Enrollees, Medicaid fee-for-service coverage for carved out and wraparound benefits, and Family Health Plus Enrollees.

K.1 HIV - “Chart of HIV Special Needs Plan Prepaid Benefit Package” lists the services provided by the Contractor to all HIV SNP Non-SSI Enrollees, HIV SNP HIV/AIDS SSI Enrollees, HIV SNP Uninfected SSI Children and Homeless Adults, and Medicaid fee-for-service coverage for carved out and wraparound benefits.

ii) K.2 - “Prepaid Benefit Package Definitions Of Covered Services” describes the covered services, as numbered in K.1. Each service description applies to both MMC and FHPlus Benefit Package unless otherwise noted.

iii) K.3 - “Medicaid Managed Care Definitions of Non-Covered Services” describes services that are not covered by the MMC Benefit Package. These services are covered by the Medicaid fee-for-service program unless otherwise noted.
iv) K.4 - “Family Health Plus Non-Covered Services” lists the services that are not covered by the FHPlus Benefit Package.
### K.1

K.2

PREPAID BENEFIT PACKAGE
DEFINITIONS OF COVERED SERVICES

Service definitions in this Section pertain to both MMC and FHPlus unless otherwise indicated.

1. Inpatient Hospital Services

Inpatient hospital services, as medically necessary, shall include, except as otherwise specified, the care, treatment, maintenance and nursing services as may be required, on an inpatient hospital basis, up to 365 days per year (366 days in leap year). Contractor will not be responsible for hospital stays that commence prior to the Effective Date of Enrollment (see Section 6.8 of this Agreement), but will be responsible for stays that commence prior to the Effective Date of Disenrollment (see Section 8.5 of this Agreement). Among other services, inpatient hospital services encompass a full range of necessary diagnostic and therapeutic care including medical, surgical, nursing, radiological, and rehabilitative services. Services are provided under the direction of a physician, certified nurse practitioner, or dentist.

2. Inpatient Stay Pending Alternate Level of Medical Care

Inpatient stay pending alternate level of medical care, or continued care in a hospital, Article 31 mental health facility, or skilled nursing facility pending placement in an alternate lower medical level of care, consistent with the provisions of 18 NYCRR § 505.20 and 10 NYCRR Part 85.

3. Physician Services

a) “Physicians’ services,” whether furnished in the office, the Enrollee’s home, a hospital, a skilled nursing facility, or elsewhere, means services furnished by a physician:

i) within the scope of practice of medicine as defined in law by the New York State Education Department; and

ii) by or under the personal supervision of an individual licensed and currently registered by the New York State Education Department to practice medicine.

b) Physician services include the full range of preventive care services, primary care medical services and physician specialty services that fall within a physician’s scope of practice under New York State law.

c) The following are also included without limitations:
i) pharmaceuticals and medical supplies routinely furnished or administered as part of a clinic or office visit;

ii) physical examinations, including those which are necessary for school and camp;

iii) physical and/or mental health, or chemical dependence examinations of children and their parents as requested by the LDSS to fulfill its statutory responsibilities for the protection of children and adults and for children in foster care;

iv) health and mental health assessments for the purpose of making recommendations regarding a Enrollee’s disability status for Federal SSI applications;

v) annual preventive health visits for adolescents;

vi) new admission exams for school children if required by the LDSS;

vii) health screening, assessment and treatment of refugees, including completing SDOH/LDSS required forms;

viii) Child/Teen Health Program (C/THP) services which are comprehensive primary health care services provided to persons under twenty-one (21) years of age (see Section 10 of this Agreement).

d) Smoking cessation counseling services for all MMC and FHPlus Enrollees who smoke. Up to eight (8) counseling sessions are covered for all eligible Enrollees per calendar year, as described in Appendix K, K.2, 6 Preventive Health Services.

4. **Certified Nurse Practitioner Services**

   a) Certified nurse practitioner services include preventive services, the diagnosis of illness and physical conditions, and the performance of therapeutic and corrective measures, within the scope of the certified nurse practitioner’s licensure and collaborative practice agreement with a licensed physician in accordance with the requirements of the NYS Education Department.

   b) The following services are also included in the certified nurse practitioner’s scope of services, without limitation:

      i) Child/Teen Health Program (C/THP) services which are comprehensive primary health care services provided to persons under twenty-one (21) (see Item 13 of this Appendix and Section 10.4 of this Agreement);

      ii) Physical examinations, including those which are necessary for school and camp.

5. **Midwifery Services**

   SSA § 1905 (a)(17), Education Law § 6951(i).
Midwifery services include the management of normal pregnancy, childbirth and postpartum care as well as primary preventive reproductive health care to essentially healthy women and shall include newborn evaluation, resuscitation and referral for infants. The care may be provided on an inpatient or outpatient basis including in a birthing center or in the Enrollee’s home as appropriate. The midwife must be licensed by the NYS Education Department and have a collaborative relationship with a physician or hospital that provides obstetric services, as described in Education Law § 6951.1, that provides for consultation, collaborative management and referral to address the health status and risks of patients and includes plans for emergency medical OB/GYN coverage.

6. **Preventive Health Services**

   a) Preventive health services means care and services to avert disease/illness and/or its consequences. There are three (3) levels of preventive health services: 1) primary, such as immunizations, aimed at preventing disease; 2) secondary, such as disease screening programs aimed at early detection of disease; and 3) tertiary, such as physical therapy, aimed at restoring function after the disease has occurred. Commonly, the term "preventive care" is used to designate prevention and early detection programs rather than restorative programs.

   b) The Contractor must offer the following preventive health services essential for promoting health and preventing illness:

   i) General health education classes.

   ii) Pneumonia and influenza immunizations for at risk populations.

   iii) Smoking cessation counseling for all MMC and FHPlus Enrollees who smoke. Up to eight (8) counseling sessions are covered for all eligible Enrollees per calendar year. Effective July 1, 2014, up to two (2) of an Enrollee’s total counseling sessions can be furnished by a dental practitioner. Smoking cessation classes, with targeted outreach for adolescents and pregnant women.

   iv) Childbirth education classes.

   v) Parenting classes covering topics such as bathing, feeding, injury prevention, sleeping, illness prevention, steps to follow in an emergency, growth and development, discipline, signs of illness, etc.

   vi) Nutrition counseling, with targeted outreach for diabetics and pregnant women.

   vii) Extended care coordination, as needed, for pregnant women.

   viii) HIV testing.

   ix) Hepatitis C screening for individuals born between 1945 and 1965.

   x) Asthma Self-Management Training (ASMT).
1. Enrollees, including pregnant women, with newly diagnosed asthma or with asthma and a medically complex condition (such as an exacerbation of asthma, poor asthma control, diagnosis of a complication, etc.) will be allowed up to ten (10) hours of ASMT during a continuous six-month period.

2. Enrollees with asthma who are medically stable may receive up to one (1) hour of ASMT during a continuous six-month period.

3. Asthma self-management training services may be provided in individual sessions, or in group sessions of no more than eight patients.

xi) Diabetes Self-Management Training

1. Enrollees, including pregnant women, with newly diagnosed diabetes or with diabetes and a medically complex condition (such as poor diabetes control [A1c>8], diagnosis of a complication, diagnosis of a co-morbidity, post-surgery, prescription for new equipment such as an insulin pump, etc.) will be allowed up to ten (10) hours of DSMT during a continuous six-month period.

2. Enrollees with diabetes who are medically stable may receive up to one (1) hour of DSMT during a continuous six-month period.

3. Diabetes self-management training services may be provided in individual sessions, or in group sessions of no more than eight patients.

xii) Screening, Brief Intervention, and Referral to Treatment (SBIRT) for Chemical Dependency provided in hospital outpatient departments, free-standing diagnostic and treatment centers, and in physician offices in accordance with protocols issued by the SDOH, to identify individuals with or at risk of substance use-related problems, assess the severity of substance use and the appropriate level of intervention required and provide brief intervention or brief treatment. Referrals are initiated to chemical dependence providers for evaluation and treatment, when appropriate.

7. Second Medical/Surgical Opinions

The Contractor will allow Enrollees to obtain second opinions for diagnosis of a condition, treatment or surgical procedure by a qualified physician or appropriate specialist, including one affiliated with a specialty care center. In the event that the Contractor determines that it does not have a Participating Provider in its network with appropriate training and experience qualifying the Participating Provider to provide a second opinion, the Contractor shall make a referral to an appropriate Non-Participating Provider. The Contractor shall pay for the cost of the services associated with obtaining a second opinion regarding medical or surgical care, including diagnostic and evaluation services, provided by the Non-Participating Provider.

8. Laboratory Services
18 NYCRR § 505.7(a)

a) Laboratory services include medically necessary tests and procedures ordered by a qualified medical professional and listed in the Medicaid fee schedule for laboratory services.

b) All laboratory testing sites providing services under this Agreement must have a permit issued by the New York State Department of Health and a Clinical Laboratory Improvement Act (CLIA) certificate of waiver, a physician performed microscopy procedures (PPMP) certificate, or a certificate of registration along with a CLIA identification number. Those laboratories with certificates of waiver or a PPMP certificate may perform only those specific tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests for which they have been certified. Physicians providing laboratory testing may perform only those specific limited laboratory procedures identified in the Physician’s NYS Medicaid Provider Manual.

c) For MMC only: Until April 1, 2014, coverage for HIV phenotypic, HIV virtual phenotypic and HIV genotypic drug resistance tests and viral tropism testing are covered by Medicaid fee-for-service. Effective April 1, 2014, these tests are covered as other laboratory services.

9. Radiology Services
18 NYCRR § 505.17(c)(7)(d)

Radiology services include medically necessary services provided by qualified practitioners in the provision of diagnostic radiology, diagnostic ultrasound, nuclear medicine, radiation oncology, and magnetic resonance imaging (MRI). These services may only be performed upon the order of a qualified practitioner.

10. Prescription and Non-Prescription (OTC) Drugs, Medical Supplies and Enteral Formulas

a) For Medicaid managed care only: Medically necessary prescription and non-prescription (OTC) drugs, medical supplies, hearing aid batteries and enteral formula are covered by the Contractor when ordered by a qualified provider. Pharmaceuticals and medical supplies routinely furnished or administered as part of a clinic or office visit and self-administered injectable drugs (including those administered by a family member and during a home care visit) not included on the Medicaid outpatient formulary are covered by the Contractor.

b) For Family Health Plus only: Medically necessary prescription drugs, insulin and diabetic supplies (e.g., insulin syringes, blood glucose test strips, lancets, alcohol swabs), smoking cessation agents, including over-the-counter (OTC) smoking cessation products, select OTC medications covered on the Medicaid Preferred Drug List (e.g., Prilosec OTC, Loratadine, Zyrtec and emergency contraception), vitamins necessary to treat an illness or condition, hearing aid batteries and enteral formula are covered by the Contractor when ordered by a qualified provider. Pharmaceuticals and
medical supplies routinely furnished or administered as part of a clinic or office visit and self-administered injectable drugs (including those administered by a family member and during a home care visit) not included on the Medicaid outpatient formulary are covered by the Contractor. Medical supplies (except for diabetic supplies and smoking cessation agents) are not covered.

c) For Medicaid Managed Care and Family Health Plus:

i) Prescription drugs may be limited to generic medications when medically acceptable. All drug classes containing drugs used for preventive and therapeutic purposes are covered, as well as family planning and contraceptive medications and devices, if Family Planning is included in the Contractor’s Benefit Package.

ii) Pharmaceuticals and medical supplies routinely furnished or administered as part of a clinic or office visit are covered by the Contractor. Self-administered injectable drugs (including those administered by a family member) and injectable drugs administered during a home care visit are also covered by the Contractor. The following drugs are covered by Medicaid fee-for-service: 1) hemophilia blood factors, whether furnished or administered as part of a clinic or office visit or administered during a home care visit; and 2) Risperidone microspheres (Risperdal® Consta®), paliperidone palmitate (Invega® Sustenna®), Abilify Maintena™ and olanzapine (Zyprexa® Relprevv™) when administered to SSI and SSI-related Enrollees in mainstream Medicaid managed care plans.

iii) Coverage of enteral formula is limited to individuals who cannot obtain nutrition through any other means, and to the following three conditions: 1) Individuals who are fed via nasogastric, gastronomy or jejunostomy tube; 2) Individuals with inborn metabolic disorders; and, 3) Children up to 21 years of age who require liquid oral enteral nutritional formula when there is a documented diagnostic condition where caloric and dietary nutrients from food cannot be absorbed or metabolized. Coverage for certain inherited diseases of amino acid and organic acid metabolism shall include modified solid food products that are low-protein or which contain modified protein.

iv) Fluoride supplements are covered for children up to age 17.

v) Experimental and investigational drugs are generally excluded, except where included in the course of Contractor-authorized experimental/investigational treatment or ordered under the External Appeal program authorized under Article 49 of the Public Health Law.

vi) The following drugs are not covered:

1. Vitamins except when necessary to treat a diagnosed illness or condition, including pregnancy;
2. Drugs prescribed for cosmetic purposes;

3. Drugs prescribed for anorexia, weight loss or weight gain;

4. Drugs prescribed to promote fertility;

5. Drugs used for the treatment of sexual or erectile dysfunction unless used to treat a condition, other than sexual or erectile dysfunction, for which the drug has been approved by the Food and Drug Administration; and

6. Covered outpatient drugs when the manufacturer seeks to require, as a condition of sale, that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.

vii) The Contractor may establish a prescription formulary, including a therapeutic category formulary, as long as the formulary includes all categories of drugs as listed on the New York State Medicaid formulary, and as long as the Contractor has in place a brand name and therapeutic category exception process for providers to use when the provider deems medically necessary.

11. Smoking Cessation Products

Smoking cessation products are covered by the Contractor. The Contractor may not require prior authorization for smoking cessation products that are included in the Contractor’s formulary and ordered by a qualified provider. The Contractor is responsible for up to two courses of smoking cessation therapy per year. A course of therapy is defined as no more than a 90-day supply (an original order and two refills, even if less than a 30-day supply is dispensed on any fill).

12. Rehabilitation Services
18 NYCRR § 505.11

a) Rehabilitation services are provided for the maximum reduction of physical or mental disability and restoration of the Enrollee to his or her best functional level. Rehabilitation services include care and services rendered by physical therapists, speech-language pathologists and occupational therapists. Rehabilitation services may be provided in an Article 28 inpatient or outpatient facility, an Enrollee’s home, in an approved home health agency, in the office of a qualified private practicing therapist or speech pathologist, or for a child in a school, pre-school or community setting, or in a Residential Health Care Facility (RHCF) as long as the Enrollee’s stay is classified as a rehabilitative stay and meets the requirements for covered RHCF services as defined herein.

b) For the MMC Program, rehabilitation services provided in Residential Health Care Facilities are subject to the stop-loss provisions specified in Section 3.13 of this Agreement. Rehabilitation services are covered as medically necessary, when ordered by the Contractor’s Participating Provider. Outpatient visits for physical, occupational and speech therapy are limited to twenty (20) visits each per calendar year. Limits do
not apply to Enrollees under age 21, Enrollees who are developmentally disabled, and Enrollees with traumatic brain injury.

c) For Family Health Plus only: Outpatient visits for physical and occupational therapy are limited to twenty (20) visits each per calendar year. Coverage for speech therapy services is limited to those required for a condition amenable to significant clinical improvement within a two month period. Outpatient visits for speech therapy are also limited to twenty (20) visits each per calendar year.

d) For both Medicaid Managed Care and Family Health Plus, cardiac rehabilitation services are covered as medically necessary, when ordered by the Contractor’s Participating Provider, and rendered in physician offices, Article 28 hospital outpatient departments, freestanding diagnostic and treatment centers, and Federally Qualified Health Centers.

13. Early Periodic Screening Diagnosis and Treatment (EPSDT) Services Through the Child Teen Health Program (C/THP) and Adolescent Preventive Services 18 NYCRR § 508.8

Child/Teen Health Program (C/THP) is a package of early and periodic screening, including inter-periodic screens and, diagnostic and treatment services that New York State offers all Medicaid eligible children under twenty-one (21) years of age. Care and services shall be provided in accordance with the periodicity schedule and guidelines developed by the New York State Department of Health. The care includes necessary health care, diagnostic services, treatment and other measures (described in §1905(a) of the Social Security Act) to correct or ameliorate defects, and physical and mental illnesses and conditions discovered by the screening services (regardless of whether the service is otherwise included in the New York State Medicaid Plan). The package of services includes administrative services designed to assist families obtain services for children including outreach, education, appointment scheduling, administrative case management and transportation assistance.

14. Home Health Services 18 NYCRR § 505.23(a)(3)

a) Home health care services are provided to Enrollees in their homes by a home health agency certified under Article 36 of the PHL (Certified Home Health Agency - CHHA). Home health services mean the following services when prescribed by a Provider and provided to a Enrollee in his or her home:

i) nursing services provided on a part-time or intermittent basis by a CHHA or, if there is no CHHA that services the county/district, by a registered professional nurse or a licensed practical nurse acting under the direction of the Enrollee’s PCP;

ii) physical therapy, occupational therapy, or speech pathology and audiology services; and
iii) home health services provided by a person who meets the training requirements of the SDOH, is assigned by a registered professional nurse to provide home health aid services in accordance with the Enrollee’s plan of care, and is supervised by a registered professional nurse from a CHHA or if the Contractor has no CHHA available, a registered nurse, or therapist.

b) Personal care tasks performed by a home health aide incidental to a certified home health care agency visit, and pursuant to an established care plan, are covered.

c) Services include care rendered directly to the Enrollee and instructions to his/her family or caretaker such as teacher or day care provider in the procedures necessary for the Enrollee’s treatment or maintenance.

d) The Contractor will provide home health services to pregnant or postpartum women when medically necessary. This includes skilled nursing home health care visits to pregnant or postpartum women designed to: assess medical health status, obstetrical history, current pregnancy related problems, and psychosocial and environmental risk factors such as unstable emotional status, inadequate resources or parenting skills; and to provide skilled nursing care for identified conditions requiring treatment, counseling, referral, instructions or clinical monitoring. Criteria for medical necessity are as follows:

i) High medical risk pregnancy as defined by the American College of Obstetricians and Gynecologists (ACOG) and the American Academy of Pediatrics (AAP) Guidelines for Prenatal Health (Early Pregnancy Risk Identification for Consultation); or

ii) Need for home monitoring or assessment by a nurse for a medical condition complicating the pregnancy or postpartum care; or

iv) Woman otherwise unengaged in prenatal care (no consistent visits) or postpartum care; or

iv) Need for home assessment for suspected environmental or psychosocial risk including, but not limited to, intimate partner violence, substance abuse, unsafe housing and nutritional risk.

Home health service visits may be provided by agencies that are certified or licensed under Article 36 of the PHL and are either a Certified Home Health Agency (CHHA) or a Licensed Home Care Service Agency (LHCSA). The home health visit must be ordered by the woman’s attending (treating) physician and documented in the plan of treatment established by the woman’s attending physician.

All women enrolled are presumed eligible for one medically necessary postpartum home health care visit which may include assessment of the health of the woman and newborn, postoperative care as appropriate, nutrition education including breastfeeding, family planning counseling to ensure optimal birth spacing, and parenting guidance. Referrals to the attending physician and/or health plan case
manager of the pregnant woman or infant shall be made as needed. Other than the initial postpartum visit, additional home health visits must meet one of the four medical necessity criteria listed above.

The Contractor agrees to require that providers of home health services to pregnant or postpartum women document the following in the case records:

i) A comprehensive written plan of care developed and based on the comprehensive assessment of the mother and/or infant after a minimum of an initial home visit;

ii) Timely notification to treating providers and case manager concerning significant changes in the woman or infant’s condition;

iii) Referral and coordination with appropriate health, mental health and social services and other providers;

iv) Review and revision of the plan of care at least monthly or more frequently if the maternal/infant conditions warrant it; and

v) An appropriate discharge plan.

e) For Medicaid Managed Care only, home telehealth services are covered, pursuant to Section 3614.3-c. of the Public Health Law, when provided by agencies approved by the SDOH for Enrollees who have conditions or clinical circumstances requiring frequent monitoring and when the provision of telehealth services can appropriately reduce the need for on-site or in-office visits or acute or long term care facility admission. To be eligible for reimbursement, approved agencies must obtain any necessary prior approvals and services must be deemed medically necessary by the Contractor. Approved agencies must assess the Enrollee in person, prior to providing telehealth services, using a SDOH approved patient risk assessment tool.

f) For Family Health Plus only: coverage is limited to forty (40) home health care visits per calendar year in lieu of a skilled nursing facility stay or hospitalization, plus two post partum home visits for high risk mothers. For the purposes of this Section, visit is defined as the delivery of a discreet service (e.g. nursing, OT, PT, ST, audiology or home health aide). Four (4) hours of home health aide services equals one visit.

15. Private Duty Nursing Services – For MMC Program Only

a) Private duty nursing services shall be provided by a person possessing a license and current registration from the NYS Education Department to practice as a registered professional nurse or licensed practical nurse. Private duty nursing services must be provided in the MMC Enrollee’s home. Enrollees authorized to receive private duty nursing services in the home may also use approved hours outside the home when the Enrollee’s normal life activities take him or her outside of the home. Private duty nursing services can be provided through a licensed home care agency or a private Practitioner. For a child, full time private duty nursing is also covered in a school, an approved pre-school, or a natural environment, including home and community
settings, where such child would otherwise be found, pursuant to an Individualized Education Program under the School Supportive Health Services Program or an Individualized Family Services Plan under the Early Intervention Program.

b) Private duty nursing services are covered only when determined by the attending physician to be medically necessary. Nursing services may be intermittent, part-time or continuous and must be provided in an Enrollee’s home in accordance with the ordering physician’s or certified nurse practitioner’s written treatment plan.

16. Hospice Services

a) Hospice is a coordinated program of home and/or inpatient non-curative medical and support services for terminally ill persons and their families. Care focuses on easing symptoms rather than treating disease. The patient and his or her family receive physical, psychological, social and spiritual support and care. Hospice provides four levels of care: 1) routine home care, 2) respite care, 3) continuous care, and 4) general inpatient care. The program is available to persons with a medical prognosis of six months or less to live for FHPlus or one (1) year or less to live for MMC, if the terminal illness runs its normal course.

b) Hospice services are provided following an interdisciplinary model, and include palliative and supportive care provided to an Enrollee to meet the special needs arising out of physical, psychological, spiritual, social and economic stress which are experienced during the final stages of illness and during dying and bereavement.

c) The Hospice provider all-inclusive per diem reimbursement rate includes all services, durable medical equipment and medicine related to the hospice diagnosis.

d) For children under age 21 who are receiving Hospice services, medically necessary curative services are covered, in addition to palliative care.

e) Hospice services are provided consistent with licensure requirements, and State and Federal regulations. All services must be provided by qualified employees and volunteers of the hospice or by qualified staff through contractual arrangements to the extent permitted by state and federal requirements. All services must be provided pursuant to a written plan of care which reflects the changing needs of the Enrollee and the Enrollee’s family.

f) The Contractor’s Enrollees must receive hospice services through Participating Providers.

g) Medicaid recipients in receipt of Hospice services prior to October 1, 2013, regardless of enrollment status, shall remain covered under the fee for service (FFS) Medicaid Program (per diem reimbursement) for the duration of the approved Hospice services.

h) The Contractor shall be responsible for Hospice services provided to MMC Enrollees new to Hospice care on and after October 1, 2013.
17. Emergency Services

a) Emergency conditions, medical or behavioral, the onset of which is sudden, manifesting itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of medical attention to result in (a) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy; (b) serious impairment of such person’s bodily functions; (c) serious dysfunction of any bodily organ or part of such person; or (d) serious disfigurement of such person are covered. Emergency services include health care procedures, treatments or services, needed to evaluate or stabilize an Emergency Medical Condition including psychiatric stabilization and medical detoxification from drugs or alcohol. Emergency Services also include hospital emergency room observation services provide in a SDOH approved hospital emergency room observation unit that meets New York State regulatory operating standards and Screening, Brief Intervention, and Referral to Treatment (SBIRT) for Chemical Dependency, provided in accordance with protocols issued by the SDOH, when rendered in emergency departments. See also Appendix G of this Agreement.

b) Post Stabilization Care Services means services related to an emergency medical condition that are provided after an Enrollee is stabilized in order to maintain the stabilized condition, or to improve or resolve the Enrollee’s condition. These services are covered pursuant to Appendix G of this Agreement.

18. Foot Care Services

a) Covered services must include routine foot care provided by qualified provider types other than podiatrists when any Enrollee’s (regardless of age) physical condition poses a hazard due to the presence of localized illness, injury or symptoms involving the foot, or when performed as a necessary and integral part of otherwise covered services such as the diagnosis and treatment of diabetes, ulcers, and infections.

b) Services provided by a podiatrist for persons under twenty-one (21) must be covered upon referral of a physician, registered physician assistant, certified nurse practitioner or licensed midwife. Services provided by a podiatrist for adults with diabetes mellitus are covered.

c) Routine hygienic care of the feet, the treatment of corns and calluses, the trimming of nails, and other hygienic care such as cleaning or soaking feet, is not covered in the absence of a pathological condition.

19. Eye Care and Low Vision Services

18 NYCRR §505.6(b)(1-3)
SSL §369-ee (1)(e)(xii)

a) For Medicaid Managed Care only:
i) Emergency, preventive and routine eye care services are covered. Eye care includes the services of ophthalmologists, optometrists and ophthalmic dispensers, and includes eyeglasses, medically necessary contact lenses and polycarbonate lenses, artificial eyes (stock or custom-made), low vision aids and low vision services. Eye care coverage includes the replacement of lost or destroyed eyeglasses. The replacement of a complete pair of eyeglasses must duplicate the original prescription and frames. Coverage also includes the repair or replacement of parts in situations where the damage is the result of causes other than defective workmanship. Replacement parts must duplicate the original prescription and frames. Repairs to, and replacements of, frames and/or lenses must be rendered as needed.

ii) If the Contractor does not provide upgraded eyeglass frames or additional features (such as scratch coating, progressive lenses or photo-gray lenses) as part of its covered vision benefit, the Contractor cannot apply the cost of its covered eyeglass benefit to the total cost of the eyeglasses the Enrollee wants and bill only the difference to the Enrollee. For example, if the Contractor covers only standard bifocal lenses and the Enrollee wants no-line bifocal lenses, the Enrollee must choose between taking the standard bifocal or paying the full price of the no-line bifocal lenses (not just the difference between the cost of the bifocal lenses and the no-line lenses). However, the Enrollee may pay for upgraded lenses as a private customer and have the Contractor pay for the frames or pay for upgraded frames as a private customer and have the Contractor pay for the lenses. The Enrollee must be informed of this fact by the vision care provider at the time that the glasses are ordered.

iii) Examinations for diagnosis and treatment for visual defects and/or eye disease are provided only as necessary and as required by the Enrollee’s particular condition. Examinations which include refraction are limited to once every twenty four (24) months unless otherwise justified as medically necessary.

iv) Eyeglasses do not require changing more frequently than once every twenty four (24) months unless medically indicated, such as a change in correction greater than ½ diopter, or unless the glasses are lost, damaged, or destroyed.

v) An ophthalmic dispenser fills the prescription of an optometrist or ophthalmologist and supplies eyeglasses or other vision aids upon the order of a qualified practitioner.

vi) MMC Enrollees may self-refer to any Participating Provider of vision services (optometrist or ophthalmologist) for refractive vision services not more frequently than once every twenty four (24) months, or if otherwise justified as medically necessary or if eyeglasses are lost, damaged or destroyed as described above. Enrollees diagnosed with diabetes may self-refer to any Participating Provider of vision services (optometrist or ophthalmologist) for a dilated eye (retinal) examination not more frequently than once in any twelve (12) month period.
vii) As described in Sections 10.15 and 10.28 of this Agreement, Enrollees may self-refer to Article 28 clinics affiliated with the College of Optometry of the State University of New York to obtain covered optometry services.

b) For Family Health Plus only:

i) Covered Services include emergency vision care and the following preventive and routine vision care provided once in any twenty four (24) month period:

A) one eye examination;

B) either: one pair of prescription eyeglass lenses and a frame, or prescription contact lenses when medically necessary; and

C) one pair of medically necessary occupational eyeglasses.

ii) An ophthalmic dispenser fills the prescription of an optometrist or ophthalmologist and supplies eyeglasses or other vision aids upon the order of a qualified practitioner.

iii) FHPlus Enrollees may self-refer to any Participating Provider of vision services (optometrist or ophthalmologist) for refractive vision services not more frequently than once every twenty-four (24) months. Enrollees diagnosed with diabetes may self-refer to any Participating Provider of vision services (optometrist or ophthalmologist) for a dilated eye (retinal) examination not more frequently than once in any twelve (12) month period.

iv) If the Contractor does not provide upgraded eyeglass frames or additional features (such as scratch coating, progressive lenses or photo-gray lenses) as part of its covered vision benefit, the Contractor cannot apply the cost of its covered eyeglass benefit to the total cost of the eyeglasses the Enrollee wants and bill only the difference to the Enrollee. For example, if the Contractor covers only standard bifocal lenses and the Enrollee wants no-line bifocal lenses, the Enrollee must choose between taking the standard bifocal or paying the full price of the no-line bifocal lenses (not just the difference between the cost of the bifocal lenses and the no-line lenses). However, the Enrollee may pay for upgraded lenses as a private customer and have the Contractor pay for the frames or pay for upgraded frames as a private customer and have the Contractor pay for the lenses. The Enrollee must be informed of this fact by the vision care provider at the time that the glasses are ordered.

v) Contact lenses are covered only when medically necessary. Contact lenses shall not be covered solely because the FHPlus Enrollee selects contact lenses in lieu of receiving eyeglasses.

vi) Coverage does not include the replacement of lost, damaged or destroyed eyeglasses.
vii) The occupational vision benefit for FHPlus Enrollees covers the cost of job-related eyeglasses if that need is determined by a Participating Provider through special testing done in conjunction with a regular vision examination. Such examination shall determine whether a special pair of eyeglasses would improve the performance of job-related activities. Occupational eyeglasses can be provided in addition to regular glasses but are available only in conjunction with a regular vision benefit once in any twenty-four (24) month period. FHPlus Enrollees may purchase an upgraded frame or lenses for occupational eyeglasses by paying the entire cost of the frame or lenses as a private customer (See Section 19. b) iv) above). Sun-sensitive and polarized lens options are not available for occupational eyeglasses.

20. **Durable Medical Equipment (DME)**
18 NYCRR §505.5(a)(1) and Section 4.4 of the NYS Medicaid DME, Medical and Surgical Supplies and Prosthetic and Orthotic Appliances Provider Manual

a) Durable Medical Equipment (DME) are devices and equipment, other than medical/surgical supplies, enteral formula, and prosthetic or orthotic appliances, and have the following characteristics:

i) can withstand repeated use for a protracted period of time;

ii) are primarily and customarily used for medical purposes;

iii) are generally not useful to a person in the absence of illness or injury; and

iv) are usually not fitted, designed or fashioned for a particular individual’s use. Where equipment is intended for use by only one (1) person, it may be either custom made or customized.

b) Coverage includes equipment servicing but excludes disposable medical supplies.

21. **Audiology, Hearing Aid Services and Products**
18 NYCRR §505.31 (a)(1)(2) and Section 4.7 of the NYS Medicaid Hearing Aid Provider Manual

a) Hearing aid services and products are provided in compliance with Article 37-A of the General Business Law when medically necessary to alleviate disability caused by the loss or impairment of hearing. Hearing aid services include: selecting, fitting and dispensing of hearing aids, hearing aid checks following dispensing of hearing aids, conformity evaluation, and hearing aid repairs.

b) Audiology services include audiometric examinations and testing, hearing aid evaluations and hearing aid prescriptions or recommendations, as medically indicated.

c) Hearing aid products include hearing aids, earmolds, special fittings, and replacement parts.
d) Hearing aid batteries

Hearing aid batteries are covered by the Contractor for all Enrollees as part of the prescription drug benefit.

22. Family Planning and Reproductive Health Care

a) Family Planning and Reproductive Health Care services means the offering, arranging and furnishing of those health services which enable Enrollees, including minors who may be sexually active, to prevent or reduce the incidence of unwanted pregnancy, as specified in Appendix C of this Agreement.

b) HIV counseling and testing is included in coverage when provided as part of a Family Planning and Reproductive Health visit.

c) All medically necessary abortions are covered, as specified in Appendix C of this Agreement.

d) Fertility services are not covered.

e) If the Contractor excludes Family Planning and Reproductive Health services from its Benefit Package, as specified in Appendix M of this Agreement, the Contractor is required to comply with the requirements of Appendix C.3 of this Agreement and still provide the following services:

   i) screening, related diagnosis, ambulatory treatment, and referral to Participating Provider as needed for dysmenorrhea, cervical cancer or other pelvic abnormality/pathology;

   ii) screening, related diagnosis, and referral to Participating Provider for anemia, cervical cancer, glycosuria, proteinuria, hypertension, breast disease and pregnancy.

23. Non-Emergency Transportation

a) Transportation expenses are covered for MMC Enrollees when transportation is essential in order for a MMC Enrollee to obtain necessary medical care and services which are covered under the Medicaid program (either as part of the Contractor’s Benefit Package or by Medicaid fee-for-service). The non-emergency transportation benefit shall be administered based on the LDSS’s approved transportation plan.

b) Transportation services means transportation by ambulance, ambulette (invalid coach), fixed wing or airplane transport, invalid coach, taxicab, livery, public transportation, or other means appropriate to the MMC Enrollee’s medical condition; and a transportation attendant to accompany the MMC Enrollee, if necessary. Such services may include the transportation attendant’s transportation, meals, lodging and
salary; however, no salary will be paid to a transportation attendant who is a member of the MMC Enrollee’s family.

c) The Contractor is required to use only approved Medicaid ambulette vendors to provide transportation services to MMC Enrollees.

d) When the Contractor is capitated for non-emergency transportation, the Contractor is also responsible for providing transportation to Medicaid covered services that are not part of the Contractor’s Benefit Package.

e) Non-emergency transportation is covered for FHPlus Enrollees that are nineteen (19) or twenty (20) years old and are receiving C/THP services. Subject to implementation of a Medicaid fee-for-service non-emergency medical transportation (NEMT) manager, and according to a county-by-county phase in schedule to be determined by SDOH, this benefit will be removed from the Contractor’s benefit package and covered through the Medicaid fee-for-service program. SDOH will notify the Contractor, as far in advance as possible but at least sixty (60) days in advance of the NEMT beginning operations in the Contractor’s service area(s).

f) For MMC Enrollees with disabilities, the method of transportation must reasonably accommodate their needs, taking into account the severity and nature of the disability.

g) For MMC plans that cover non-emergency transportation only, subject to implementation of a Medicaid fee-for-service non-emergency medical transportation (NEMT) manager, and according to a county-by-county phase in schedule to be determined by SDOH, this benefit will be removed from the Contractor’s benefit package and covered through the Medicaid fee-for-service program. SDOH will notify the Contractor, as far in advance as possible but at least sixty (60) days in advance of the NEMT beginning operations in the Contractor’s service area(s).

24. Emergency Transportation

a) Emergency transportation can only be provided by an ambulance service including air ambulance service. Emergency ambulance transportation means the provision of ambulance transportation for the purpose of obtaining hospital services for an Enrollee who suffers from severe, life-threatening or potentially disabling conditions which require the provision of Emergency Services while the Enrollee is being transported.

b) Emergency Services means the health care procedures, treatments or services needed to evaluate or stabilize an Emergency Medical Condition including, but not limited to, the treatment of trauma, burns, respiratory, circulatory and obstetrical emergencies.

c) Emergency ambulance transportation is transportation to a hospital emergency room generated by a "Dial 911" emergency system call or some other request for an immediate response to a medical emergency. Because of the urgency of the transportation request, insurance coverage or other billing provisions are not addressed until after the trip is completed. When the Contractor is capitated for this
benefit, emergency transportation via 911 or any other emergency call system is a covered benefit and the Contractor is responsible for payment. Contractor shall reimburse the transportation provider for all emergency ambulance services without regard for final diagnosis or prudent layperson standard.

d) The emergency transportation benefit shall be administered based on the LDSS’s approved transportation plan.

e) For MMC plans that cover emergency transportation only, according to a county-by-county phase in schedule to be determined by SDOH, and concomitantly with the assumption of the MMC non-emergency benefit by a Medicaid fee-for-service non-emergency medical transportation (NEMT) manager, this benefit will be removed from the Contractor’s benefit package. SDOH will notify the Contractor, as far in advance as possible but at least sixty (60) days in advance of the NEMT beginning operations in the Contractor’s service area(s).

25. Dental and Orthodontic Services

a) Dental care includes preventive, prophylactic and other routine dental care, services, supplies and dental prosthetics required to alleviate a serious health condition, including one which affects employability.

b) For Medicaid Managed Care only:

i) As described in Sections 10.15 and 10.27 of this Agreement, Enrollees may self-refer to Article 28 clinics operated by academic dental centers to obtain covered dental services.

ii) The dental benefit includes up to four annual fluoride varnish treatments for children from birth until age 7 years when applied by a dentist, physician or nurse practitioner.

c) Orthodontia (for Medicaid Managed Care only)

i) Effective October 1, 2012, orthodontia is a plan-covered benefit, consistent with 18 NYCRR 506.4, for Enrollees:

A) under twenty-one (21) years of age for up to three years of active orthodontic care, plus one year of retention care, to treat a severe physically handicapping malocclusion. Part of such care could be provided after the Enrollee reaches the age of 21, provided that the treatment was approved and active therapy began prior to the Enrollee’s 21st birthday.

B) 21 years and over in connection with necessary surgical treatment (e.g. approved orthognathic surgery, reconstructive surgery or cleft palate treatment).
ii) Effective October 1, 2012, for cases prior approved by the Contractor, orthodontic services are covered by the Contractor. The Contractor will be responsible for prior approval of all such cases, monitoring treatment progress and quality of care, and reimbursing orthodontists for services provided to Enrollees whose treatment was prior approved by the Contractor. The Contractor must use the same guidelines for approval of orthodontic services that are used by the Medicaid fee-for-service program.

iii) The Contractor’s provider network must include a sufficient array of orthodontic providers. The Contractor will assist Enrollees in identifying participating orthodontists.

iv) Transitional Care: When an Enrollee changes MCOs after orthodontic appliances are in place and active treatment has begun, transitional care policies will apply if the orthodontist is not a Participating Provider in the provider network of the Enrollee’s new MCO. Under the transitional care policy, the Contractor must permit a new Enrollee to continue an ongoing course of treatment with an out-of-network orthodontist during a transitional period of up to sixty (60) days. If the out-of-network orthodontist wishes to continue treating the Enrollee during the transition period, the orthodontist must agree to accept the new MCO’s reimbursement as payment in full and adhere to that MCO’s policies and procedures. The Enrollee must be transferred to an orthodontist in the new MCO’s provider network by the end of the transitional care period.

d) Effective July 1, 2014, dental practitioners can provide smoking cessation counseling services for all MMC and FHPlus Enrollees who smoke. Up to two (2) of an Enrollee’s total counseling sessions can be furnished by a dental practitioner within any calendar year, as described in Appendix K, K.2, 6 Preventive Health Services.

26. Court Ordered Services

Court ordered services are those services ordered by a court of competent jurisdiction which are performed by or under the supervision of a physician, dentist, or other provider qualified under State law to furnish medical, dental, behavioral health (including treatment for mental health and/or alcohol and/or substance abuse or dependence), or other covered services. The Contractor is responsible for payment of those services included in the benefit package.

27. Prosthetic/Orthotic Orthopedic Footwear
Section 4.5, 4.6 and 4.7 of the NYS Medicaid DME, Medical and Surgical Supplies and Prosthetic and Orthotic Appliances Provider Manual

a) Prosthetics are those appliances or devices which replace or perform the function of any missing part of the body. Artificial eyes are covered as part of the eye care benefit.
b) Orthotics are those appliances or devices which are used for the purpose of supporting a weak or deformed body part or to restrict or eliminate motion in a diseased or injured part of the body.

c) Medicaid Managed Care: Orthopedic Footwear means shoes, shoe modifications, or shoe additions which are used to correct, accommodate or prevent a physical deformity or range of motion malfunction in a diseased or injured part of the ankle or foot; to support a weak or deformed structure of the ankle or foot, or to form an integral part of a brace.

28. Mental Health Services

a) Inpatient Services

All inpatient mental health services, including voluntary or involuntary admissions for mental health services. The Contractor may provide the covered benefit for medically necessary mental health inpatient services through hospitals licensed pursuant to Article 28 of the PHL.

b) Outpatient Services

Outpatient services including but not limited to: assessment, stabilization, treatment planning, discharge planning, verbal therapies, education, symptom management, case management services, crisis intervention and outreach services, chlozapine monitoring and collateral services as certified by the New York State Office of Mental Health (OMH). Services may be provided in-home, office or the community. Services may be provided by licensed OMH providers or by other providers of mental health services including clinical psychologists and physicians. The Contractor must make available in an accessible manner all services required by OMH regulations 14 NYCRR Part 599. When contracting with mental health clinics licensed under Article 31 of the Mental Hygiene Law, the Contractor is not required to contract for each Part 599 service at every clinic with which it has a contract, provided that as a whole the Contractor’s network of mental hygiene services, as described in paragraph 21.19 (c) (ii) of this Agreement, is adequate.

c) Family Health Plus Enrollees have a combined mental health/chemical dependency benefit limit of thirty (30) days inpatient and sixty (60) outpatient visits per calendar year.

d) MMC SSI and SSI-related Enrollees obtain all mental health services through the Medicaid fee-for-service program. Applicable to HIV SNP program only, the Contractor provides these benefits to SSI Enrollees who are HIV+.

29. Detoxification Services

a) Medically Managed Inpatient Detoxification
These programs provide medically directed twenty-four (24) hour care on an inpatient basis to individuals who are at risk of severe alcohol or substance abuse withdrawal, incapacitated, a risk to self or others, or diagnosed with an acute physical or mental co-morbidity. Specific services include, but are not limited to: medical management, bio-psychosocial assessments, stabilization of medical psychiatric / psychological problems, individual and group counseling, level of care determinations and referral and linkages to other services as necessary. Medically Managed Detoxification Services are provided by facilities licensed by OASAS under Title 14 NYCRR § 816.6 and the Department of Health as a general hospital pursuant to Article 28 of the Public Health Law.

b) Medically Supervised Withdrawal

i) Medically Supervised Inpatient Withdrawal

These programs offer treatment for moderate withdrawal on an inpatient basis. Services must include medical supervision and direction under the care of a physician in the treatment for moderate withdrawal. Specific services must include, but are not limited to: medical assessment within twenty four (24) hours of admission; medical supervision of intoxication and withdrawal conditions; bio-psychosocial assessments; individual and group counseling and linkages to other services as necessary. Maintenance on methadone while a patient is being treated for withdrawal from other substances may be provided where the provider is appropriately authorized. Medically Supervised Inpatient Withdrawal services are provided by facilities licensed under Title 14 NYCRR § 816.7.

ii) Medically Supervised Outpatient Withdrawal

These programs offer treatment for moderate withdrawal on an outpatient basis. Required services include, but are not limited to: medical supervision of intoxication and withdrawal conditions; bio-psychosocial assessments; individual and group counseling; level of care determinations; discharge planning; and referrals to appropriate services. Maintenance on methadone while a patient is being treated for withdrawal from other substances may be provided where the provider is appropriately authorized. Medically Supervised Outpatient Withdrawal services are provided by facilities licensed under Title 14 NYCRR § 816.7.

c) For Medicaid Managed Care only: all detoxification and withdrawal services are a covered benefit for all Enrollees, including those categorized as SSI or SSI-related. Detoxification Services in Article 28 inpatient hospital facilities are subject to the inpatient hospital stop-loss provisions specified in Section 3.12 of this Agreement.

30. Chemical Dependence Inpatient Rehabilitation and Treatment Services

a) Services provided include intensive management of chemical dependence symptoms and medical management of physical or mental complications from chemical dependence to clients who cannot be effectively served on an outpatient basis and
who are not in need of medical detoxification or acute care. These services can be provided in a hospital or freestanding facility. Specific services can include, but are not limited to: comprehensive admission evaluation and treatment planning; individual, group, and family counseling; awareness and relapse prevention; education about self-help groups; assessment and referral services; vocational and educational assessment; medical and psychiatric consultation; food and housing; and HIV and AIDS education. These services may be provided by facilities licensed by the New York State Office of Alcoholism and Substance Abuse Services (OASAS) to provide Chemical Dependence Inpatient Rehabilitation and Treatment Services under Title 14 NYCRR Part 818. Maintenance on methadone while a patient is being treated for withdrawal from other substances may be provided where the provider is appropriately authorized.

b) Family Health Plus Enrollees have a combined mental health/chemical dependency benefit limit of thirty (30) days inpatient and sixty (60) outpatient visits per calendar year.

31. **Outpatient Chemical Dependency Services**

a) Medically Supervised Ambulatory Chemical Dependence Outpatient Clinic Programs

Medically Supervised Ambulatory Chemical Dependence Outpatient Clinic Programs are licensed under Title 14 NYCRR Part 822 and provide chemical dependence outpatient treatment to individuals who suffer from chemical abuse or dependence and their family members or significant others.

b) Medically Supervised Chemical Dependence Outpatient Rehabilitation Programs

Medically Supervised Chemical Dependence Outpatient Rehabilitation Programs provide full or half-day services to meet the needs of a specific target population of chronic alcoholic persons who need a range of services which are different from those typically provided in an alcoholism outpatient clinic. Programs are licensed by as Chemical Dependence Outpatient Rehabilitation Programs under Title 14 NYCRR § 822.9.

c) Outpatient Chemical Dependence for Youth Programs

Outpatient Chemical Dependence for Youth Programs (OCDY) licensed under Title 14 NYCRR Part 823, establishes programs and service regulations for OCDY programs. OCDY programs offer discrete, ambulatory clinic services to chemically-dependent youth in a treatment setting that supports abstinence from chemical dependence (including alcohol and substance abuse) services.
d) Medicaid Managed Care Enrollees access outpatient chemical dependency services through the Medicaid fee-for-service program.

e) Buprenorphine and Buprenorphine Management:

   i) MMC only: Management of buprenorphine in settings other than outpatient clinics and opioid treatment programs certified by the Office of Alcoholism and Substance Abuse Services under 14 NYCRR Part 822 by Primary Care Providers, and for non-SSI Enrollees by Mental Health Providers, for maintenance or detoxification of patients with chemical dependence. Buprenorphine is a covered benefit except when furnished and administered as part of a Part 822 outpatient clinic or opioid treatment program visit.

   ii) FHPlus only: Management of buprenorphine in settings other than outpatient clinics and opioid treatment programs certified by the Office of Alcoholism and Substance Abuse Services under 14 NYCRR Part 822 by Primary Care Providers and Mental Health Providers for maintenance or detoxification of patients with chemical dependence. Buprenorphine is a covered benefit except when furnished and administered as part of a Part 822 outpatient clinic or opioid treatment program visit. Buprenorphine management services provided by Mental Health Providers, or in a Part 822 outpatient clinic or opioid treatment program, are subject to the combined mental health/chemical dependency benefit limit of sixty (60) outpatient visits per calendar year.

32. Experimental or Investigational Treatment

   a) Experimental and investigational treatment is covered on a case by case basis.

   b) Experimental or investigational treatment for life-threatening and/or disabling illnesses may also be considered for coverage under the external appeal process pursuant to the requirements of Section 4910 of the PHL under the following conditions:

      i) The Enrollee has had coverage of a health care service denied on the basis that such service is experimental and investigational, and

      ii) The Enrollee’s attending physician has certified that the Enrollee has a life-threatening or disabling condition or disease:

         A) for which standard health services or procedures have been ineffective or would be medically inappropriate, or

         B) for which there does not exist a more beneficial standard health service or procedure covered by the Contractor, or

         C) for which there exists a clinical trial, and
iii) The Enrollee’s provider, who must be a licensed, board-certified or board-eligible physician, qualified to practice in the area of practice appropriate to treat the Enrollee’s life-threatening or disabling condition or disease, must have recommended either:

A) a health service or procedure that, based on two (2) documents from the available medical and scientific evidence, is likely to be more beneficial to the Enrollee than any covered standard health service or procedure; or

B) a clinical trial for which the Enrollee is eligible; and

iv) The specific health service or procedure recommended by the attending physician would otherwise be covered except for the Contractor’s determination that the health service or procedure is experimental or investigational.

33. Renal Dialysis

Renal dialysis may be provided in an inpatient hospital setting, in an ambulatory care facility, or in the home on recommendation from a renal dialysis center.

34. Nursing Home Services – For MMC Program Only

a) Nursing Home Services means inpatient nursing home services provided by facilities licensed under Article 28 of the New York State Public Health Law, including AIDS nursing facilities. Covered services includes the following health care services: medical supervision, twenty-four (24) hour per day nursing care, assistance with the activities of daily living, physical therapy, occupational therapy, and speech/language pathology services and other services as specified in the New York State Health Law and Regulations for residential health care facilities and AIDS nursing facilities. These services should be provided to an MMC Enrollee:

i) Who is diagnosed by a physician as having one or more clinically determined illnesses or conditions that cause the MMC Enrollee to be so incapacitated, sick, invalid, infirm, disabled, or convalescent as to require at least medical and nursing care; and

ii) Whose assessed health care needs, in the professional judgment of the MMC Enrollee’s physician or a medical team:

A) do not require care or active treatment of the MMC Enrollee in a general or special hospital;

B) cannot be met satisfactorily in the MMC Enrollee’s own home or home substitute through provision of such home health services, including medical and other health and health-related services as are available in or near his or her community; and
C) cannot be met satisfactorily in the physician’s office, a hospital clinic, or other ambulatory care setting because of the unavailability of medical or other health and health-related services for the MMC Enrollee in such setting in or near his or her community.

b) The Contractor is also responsible for respite days and bed hold days authorized by the Contractor.

c) The Contractor is responsible for all medically necessary and clinically appropriate inpatient nursing home services authorized by the Contractor for MMC Enrollees age 21 and older who are in Long Term Placement Status as determined by LDSS or who are in a non-permanent rehabilitation stay.

35. **Personal Care Services (MMC only)**

a) Personal care services (PCS), as defined by 18 NYCRR §505.14(a) and as further described in the SDOH “Guidelines for the Provision of Personal Care Services in Medicaid Managed Care,” are the provision of some or total assistance with personal hygiene, dressing and feeding and nutritional and environmental support (meal preparation and housekeeping). Such services must be essential to the maintenance of the Enrollee’s health and safety in his or her own home. The service must be ordered by a physician or nurse practitioner, and there must be a medical need for the service. Enrollees receiving PCS must have a stable medical condition that is not expected to exhibit sudden deterioration or improvement; does not require frequent medical or nursing judgment to determine changes in the patient’s plan of care; is such that a physically disabled individual in need of routine supportive assistance does not need skilled professional care in the home; or the condition is such that a physically disabled or frail elderly individual does not need professional care but does require assistance in the home to prevent a health or safety crisis from developing. Enrollees receiving PCS must be self-directing, which shall mean that the Enrollee is capable of making choices about his or her activities of daily living, understanding the impact of the choice and assuming responsibility for the results of the choices. Enrollees who are non self-directing, and who require continuous supervision and direction for making choices about activities of daily living shall not receive PCS, except under the following conditions:

i) supervision or direction is provided on an interim or part-time basis as part of a plan of care in which the responsibility for making choices about activities of daily living is assumed by a self-directing individual living within the same household;

ii) supervision or direction is provided on an interim or part-time basis as part of a plan of care in which the responsibility for making choices about activities of daily living is assumed by a self-directing individual not living within the same household; or

iii) supervision or direction is provided on an interim or part-time basis as part of a plan of care in which the responsibility for making choices about activities of
daily living is assumed by an outside agency or other formal organization. The LDSS may be the outside agency.

b) Personal care services are authorized as Level I (environmental and nutritional functions) or Level II (personal care, environmental and nutritional functions) with specific number of hours per day and days per week the PCS are to be provided. Authorization for solely Level I services may not exceed eight (8) hours per week.

36. Personal Emergency Response System (PERS)

a) Personal Emergency Response System (PERS) is an electronic device which enables certain high-risk patients to secure help in the event of a physical, emotional or environmental emergency. Such systems are usually connected to a patient’s phone and signal a response center when a “help” button is activated. In the event of an emergency, the signal is received and appropriately acted upon by a response center.

b) Assessment of need for PERS services must be made in accordance with and in coordination with authorization procedures for home care services, including personal care services. Authorization for PERS services is based on a physician or nurse practitioner’s order and a comprehensive assessment which must include an evaluation of the client’s physical disability status, the degree that they would be at risk of an emergency due to medical or functional impairments or disability and the degree of their social isolation. PERS is not provided in the absence of personal care or home care services. Authorization of PERS is not a substitute for or in lieu of assistance with PCS tasks such as transferring, toileting or walking.

c) The Contractor will be responsible for authorizing and arranging for PERS services through network providers, as described in this Appendix and the SDOH “Guidelines for the Provision of Personal Care Services in Medicaid Managed Care.”

37. Consumer Directed Personal Assistance Services (MMC Program Only)

a) Consumer Directed Personal Assistance Services (CDPAS), as defined by 18 NYCRR §§505.28(a) and (b), means the provision to a chronically ill and/or disabled Consumer of some or total assistance with personal care services, home health aide services and skilled nursing tasks by a consumer directed personal assistant under the instruction, supervision and direction of a Consumer or the Consumer’s designated representative. A Consumer must acknowledge in writing that they are willing and able to fulfill their responsibilities as provided by 10 NYCRR §505.28(g)(1)-(7).

b) For the MMC program, these terms shall have the following meanings:

i) “Consumer” means an Enrollee who the Contractor has determined to be eligible to receive CDPAS, pursuant to a nursing and social assessment process consistent with 18 NYCRR §§505.28(c) and (d).

ii) “Fiscal Intermediary” means an entity that has an agreement with the Contractor to provide wage and benefit processing for consumer directed personal assistants
and other Fiscal Intermediary responsibilities as provided by 18 NYCRR 505.28 (i)(1)(i)-(v), (vii).

38. Observation Services

Observation Services in an Article 28 hospital are post-stabilization services covered by the Contractor for observation, short-term treatment, assessment and re-assessment of an Enrollee for whom diagnosis and a determination concerning inpatient admission, discharge, or transfer cannot be accomplished within eight hours but can reasonably be expected within forty-eight (48) hours. Observation services may be provided in distinct units approved by the Department, inpatient beds, or in the emergency department ONLY for hospitals designated as critical access hospitals or sole community hospitals. An Enrollee shall be assigned to the observation service through a hospital Emergency Department by order of a physician, nurse practitioner, or other medical professional within his/her scope of practice. Observation services may be subject to prior approval and/or notification requirements, as well as retrospective review procedures, established by the Contractor. The Enrollee must be admitted to the inpatient service, transferred to another hospital, or discharged to self-care or the care of a physician or other appropriate follow-up service within forty-eight (48) hours of assignment to the observation unit. Notwithstanding the requirements of this section, the Contractor shall provide the Observation Services benefit consistent with regulations at 10 NYCRR Part 405.32.

39. Medical Social Services

a) Medical Social Services are covered by the Contractor only for those Enrollees who have transitioned to the Contractor’s Medicaid Managed Care plan from the Long Term Home Health Care Program (LTHHCP) and who received Medical Social Services while in the LTHHCP. Medical Social Services is the assessment of social and environmental factors related to the participant’s illness, need for care, response to treatment and adjustments to treatment; assessment of the relationship of the participant’s medical and nursing requirements to his/her home situation, financial resources and availability of community resources; actions to obtain available community resources to assist in resolving the participant’s problems; and counseling services. Such services shall include, but not be limited to, home visits to the individual, family or both; visits preparatory to the transfer of the individual to the community; and patient and family counseling, including personal, financial, and other forms of counseling services.

b) Medical Social Services must be provided by a qualified social worker licensed by the Education Department to practice social work in the State of New York.

40. Home Delivered Meals

Home Delivered Meals are covered by the Contractor only for those Enrollees who have transitioned to the Contractor’s Medicaid Managed Care plan from the Long Term Home Health Care Program (LTHHCP) and who received Home Delivered Meals while in the LTHHCP. Home Delivered Meals must be provided when the Enrollee’s needs cannot be met by existing support services, including family and approved personal care aides. The
Home Delivered Meals benefit includes up to two meals per day on weekdays and/or weekends.

41. Adult Day Health Care

a) Adult Day Health Care means care and services provided to a registrant in a residential health care facility or approved extension site under the medical direction of a physician and which is provided by personnel of the Adult Day Health Care program in accordance with a comprehensive assessment of care needs and the PCSP, ongoing implementation and coordination of the PCSP, and transportation.

b) Registrant means a person who is a nonresident of the Residential Health Care Facility who is functionally impaired and not homebound and who requires certain preventive, diagnostic, therapeutic, rehabilitative or palliative items or services provided by a general hospital, or Residential Health Care Facility; and whose assessed social and health care needs, in the professional judgment of the physician of record, nursing staff, Social Services and other professional personnel of the Adult Day Health Care program can be met in whole or in part satisfactorily by delivery of appropriate services in such program.

42. AIDS Adult Day Health Care

AIDS Adult Day Health Care Programs (AIDS ADHCP) are programs designed to assist individuals with HIV disease to live more independently in the community or eliminate the need for residential health care services. Registrants in AIDS ADHCP require a greater range of comprehensive health care services than can be provided in any single setting, but do not require the level of services provided in a residential health care setting. Regulations require that a person enrolled in an AIDS ADHCP must require at least three (3) hours of health care delivered on the basis of at least one (1) visit per week. While health care services are broadly defined in this setting to include general medical care, nursing care, medication management, nutritional services, rehabilitative services, and substance abuse and mental health services, the latter two (2) cannot be the sole reason for admission to the program. Admission criteria must include, at a minimum, the need for general medical care and nursing services.

43. Directly Observed Therapy (DOT) of Tuberculosis Disease

Tuberculosis Directly Observed Therapy (TB/DOT) is the direct observation of oral ingestion, or the administration of injectable/infused medication, to assure patient compliance with the physician’s prescribed medication regimen. DOT is the standard of care for every individual with active TB. Clinical management of TB, including TB/DOT and all TB medications, is included in the benefit package.

44. HIV SNP Enhanced Services - Applicable to HIV SNP Program Only

The HIV SNP Benefit package includes enhanced services that are essential for promoting wellness and preventing illness. HIV SNP Enhanced Services include the following:
a) HIV SNP Care and Benefits Coordination Services

HIV SNP Care and Benefits Coordination Services include medical case management/care coordination services in consultation with the PCP; assessment and service plan development that identifies and addresses the Enrollee’s medical and psychosocial needs; service utilization monitoring and care advocacy services that promote Enrollee access to needed care and services; case manager provider participation in quality assurance and quality improvement activities.

b) HIV Treatment Adherence Services

HIV treatment adherence services include treatment education policies and programs to promote adherence to prescribed treatment regimens for all Enrollees, facilitate access to treatment adherence services including treatment readiness and supportive services integrated into the continuum of HIV care services, and the development of a structural network among providers that facilitates the coordination of treatment adherence services as well as promotes, reinforces and supports adherence services for Enrollees while ensuring collaboration between the provider and Enrollee. Treatment adherence services include development and regular reassessment of an individualized treatment adherence plan for each Enrollee consistent with guidelines as developed by the AIDS Institute and assessment of the overall health and psychosocial needs of the Enrollee in order to identify potential barriers that may impact upon the level of adherence and the overall treatment plan.

c) HIV Primary and Secondary Prevention and Risk-Reduction Services

HIV primary and secondary prevention and risk-reduction services include HIV primary and secondary prevention and risk-reduction education and counseling; education and counseling regarding reduction of perinatal transmission; harm reduction education and services; education to Enrollees regarding STDs and services available for STD treatment and prevention; counseling and supportive services for partner/spousal notification (pursuant to Chapter 163 of the Laws of 1998); and HIV community education, outreach and health promotion activities.
K.3

Medicaid Managed Care Prepaid Benefit Package
Definitions of Non-Covered Services

The following services are excluded from the Contractor’s Benefit Package, but are covered, in most instances, by Medicaid fee-for-service:

1. Medical Non-Covered Services

   a) Nursing Home Services

   Services provided in a nursing home to an Enrollee under age 21 who is determined by the LDSS to be in Long Term Placement Status are not covered for Medicaid Managed Care (MMC) or Family Health Plus Enrollees. Family Health Plus covers only non-permanent rehabilitation stays in nursing homes. Enrollees under age 21 in Long Term Placement Status in a nursing home are excluded from MMC and must be disenrolled. Once disenrolled, the beneficiary will receive these services through Medicaid fee-for-service.

   b) Emergency and Non-Emergency Transportation (MMC only)

   According to a county-by-county phase-in schedule to be determined by SDOH, and subject to implementation of a Medicaid fee-for-service non-emergency medical transportation (NEMT) manager, this benefit will be covered under Medicaid fee-for-service.

   c) Orthodontic Services

   i) All existing orthodontic cases that have begun treatment or have been reviewed and approved for treatment prior to October 1, 2012 through Medicaid fee-for-service and issued an eMedNY prior approval number will continue being paid through Medicaid fee-for-service until the completion of the approved course of treatment. Monitoring of such cases will be conducted by SDOH as needed.

   ii) If an Enrollee loses eligibility for Medicaid services after appliances are in place and active treatment has begun, the Enrollee will be disenrolled from Medicaid managed care and will be entitled to a maximum of six (6) months of treatment reimbursed by Medicaid fee-for-service.

2. Non-Covered Behavioral Health Services

   a) Chemical Dependence Services

   i) Outpatient Rehabilitation and Treatment Services Provided by OASAS Licensed Clinics
A) Opioid Treatment Program (OTP)

Consists of drug detoxification, drug dependence counseling, and rehabilitation services which include chemical management of the patient with methadone or other approved medications. Facilities that provide opioid treatment do so as their principal mission and are certified by OASAS under 14 NYCRR Part 822.

B) Medically Supervised Ambulatory Chemical Dependence Outpatient Clinic Programs

Medically Supervised Ambulatory Chemical Dependence Outpatient Clinic Programs are licensed under Title 14 NYCRR Part 822 and provide chemical dependence outpatient treatment to individuals who suffer from chemical abuse or dependence and their family members or significant others.

C) Medically Supervised Chemical Dependence Outpatient Rehabilitation Programs

Medically Supervised Chemical Dependence Outpatient Rehabilitation Programs provide full or half-day services to meet the needs of a specific target population of chronic alcoholic persons who need a range of services which are different from those typically provided in an alcoholism outpatient clinic. Programs are licensed by as Chemical Dependence Outpatient Rehabilitation Programs under Title 14 NYCRR § 822.9.

D) Outpatient Chemical Dependence for Youth Programs

Outpatient Chemical Dependence for Youth Programs (OCDY) licensed under Title 14 NYCRR Part 823, establishes programs and service regulations for OCDY programs. OCDY programs offer discrete, ambulatory clinic services to chemically-dependent youth in a treatment setting that supports abstinence from chemical dependence (including alcohol and substance abuse) services.

ii) Chemical Dependence Services Ordered by the LDSS

A) The Contractor is not responsible for the provision and payment of Chemical Dependence Inpatient Rehabilitation and Treatment Services ordered by the LDSS and provided to Enrollees who have:

I) been assessed as unable to work by the LDSS and are mandated to receive Chemical Dependence Inpatient Rehabilitation and Treatment Services as a condition of eligibility for Public Assistance, or

II) have been determined to be able to work with limitations (work limited) and are simultaneously mandated by the LDSS into Chemical Dependence Inpatient Rehabilitation and Treatment Services (including alcohol and substance dependence services).
substance abuse treatment services) pursuant to work activity requirements.

B) The Contractor is not responsible for the provision and payment of Medically Supervised Inpatient and Outpatient Withdrawal Services ordered by the LDSS under Welfare Reform (as indicated by Code 83).

C) The Contractor is responsible for the provision and payment of Medically Managed Detoxification Services in this Agreement.

D) If the Contractor is already providing an Enrollee with Chemical Dependence Inpatient Rehabilitation and Treatment Services and Detoxification Services and the LDSS is satisfied with the level of care and services, then the Contractor will continue to be responsible for the provision and payment of these services.

b) Mental Health Services

i) Intensive Psychiatric Rehabilitation Treatment Programs (IPRT)

A time limited active psychiatric rehabilitation designed to assist a patient in forming and achieving mutually agreed upon goals in living, learning, working and social environments, to intervene with psychiatric rehabilitative technologies to overcome functional disabilities. IPRT services are certified by OMH under 14 NYCRR Part 587.

ii) Day Treatment

A combination of diagnostic, treatment, and rehabilitative procedures which, through supervised and planned activities and extensive client-staff interaction, provides the services of the clinic treatment program, as well as social training, task and skill training and socialization activities. Services are expected to be of six (6) months duration. These services are certified by OMH under 14 NYCRR Part 587.

iii) Continuing Day Treatment

Provides treatment designed to maintain or enhance current levels of functioning and skills, maintain community living, and develop self-awareness and self-esteem. Includes: assessment and treatment planning; discharge planning; medication therapy; medication education; case management; health screening and referral; rehabilitative readiness development; psychiatric rehabilitative readiness determination and referral; and symptom management. These services are certified by OMH under 14 NYCRR Part 587.

iv) Day Treatment Programs Serving Children
Day treatment programs are characterized by a blend of mental health and special education services provided in a fully integrated program. Typically these programs include: special education in small classes with an emphasis on individualized instruction, individual and group counseling, family services such as family counseling, support and education, crisis intervention, interpersonal skill development, behavior modification, art and music therapy.

v) Home and Community Based Services Waiver for Seriously Emotionally Disturbed Children

This waiver is in select counties for children and adolescents who would otherwise be admitted to an institutional setting if waiver services were not provided. The services include individualized care coordination, respite, family support, intensive in-home skill building, and crisis response.

vi) Case Management

The target population consists of individuals who are seriously and persistently mentally ill (SPMI), require intensive, personal and proactive intervention to help them obtain those services which will permit functioning in the community and either have symptomology which is difficult to treat in the existing mental health care system or are unwilling or unable to adapt to the existing mental health care system. Three case management models are currently operated pursuant to an agreement with OMH or a local governmental unit, and receive Medicaid reimbursement pursuant to 14 NYCRR Part 506. Please note: See generic definition of Comprehensive Medicaid Case Management (CMCM) under Item 3 – “Other Non-Covered Services”.

vii) Partial Hospitalization

Provides active treatment designed to stabilize and ameliorate acute systems, serves as an alternative to inpatient hospitalization, or reduces the length of a hospital stay within a medically supervised program by providing the following: assessment and treatment planning; health screening and referral; symptom management; medication therapy; medication education; verbal therapy; case management; psychiatric rehabilitative readiness determination and referral and crisis intervention. These services are certified by OMH under NYCRR Part 587.

viii) Services Provided Through OMH Designated Clinics for Children With A Diagnosis of Serious Emotional Disturbance (SED)

Services provided by designated OMH clinics to children and adolescents through age eighteen (18) with a clinical diagnosis of SED are covered by Medicaid fee-for-service.

ix) Assertive Community Treatment (ACT)
ACT is a mobile team-based approach to delivering comprehensive and flexible treatment, rehabilitation, case management and support services to individuals in their natural living setting. ACT programs deliver integrated services to recipients and adjust services over time to meet the recipient’s goals and changing needs; are operated pursuant to approval or certification by OMH; and receive Medicaid reimbursement pursuant to 14 NYCRR Part 508.

x) Personalized Recovery Oriented Services (PROS)

PROS, licensed and reimbursed pursuant to 14 NYCRR Part 512, are designed to assist individuals in recovery from the disabling effects of mental illness through the coordinated delivery of a customized array of rehabilitation, treatment, and support services in traditional settings and in off-site locations. Specific components of PROS include Community Rehabilitation and Support, Intensive Rehabilitation, Ongoing Rehabilitation and Support and Clinical Treatment.

xi) Risperidone microspheres (Risperdal® Consta®), paliperidone palmitate (Invega® Sustenna®), Abilify Maintena™ and olanzapine (Zyprexa® Relprevv™) are injectable mental health drugs used for management of patients with schizophrenia, furnished as part of a clinic or office visit. These drugs are covered through Medicaid fee-for-service for mainstream MMC SSI/SSI-related Enrollees, only.

c) Rehabilitation Services Provided to Residents of OMH Licensed Community Residences (CRs) and Family Based Treatment Programs, as follows:

i) OMH Licensed CRs*

Rehabilitative services in community residences are interventions, therapies and activities which are medically therapeutic and remedial in nature, and are medically necessary for the maximum reduction of functional and adaptive behavior defects associated with the person’s mental illness.

ii) Family-Based Treatment*

Rehabilitative services in family-based treatment programs are intended to provide treatment to seriously emotionally disturbed children and youth to promote their successful functioning and integration into the natural family, community, school or independent living situations. Such services are provided in consideration of a child’s developmental stage. Those children determined eligible for admission are placed in surrogate family homes for care and treatment.

*These services are certified by OMH under 14 NYCRR § 586.3, Part 594 and Part 595.

d) Office for People With Developmental Disabilities (OPWDD) Services
i) Long Term Therapy Services Provided by Article 16-Clinic Treatment Facilities or Article 28 Facilities

These services are provided to persons with developmental disabilities including medical or remedial services recommended by a physician or other licensed practitioner of the healing arts for a maximum reduction of the effects of physical or mental disability and restoration of the person to his or her best possible functional level. It also includes the fitting, training, and modification of assistive devices by licensed practitioners or trained others under their direct supervision. Such services are designed to ameliorate or limit the disabling condition and to allow the person to remain in or move to, the least restrictive residential and/or day setting. These services are certified by OPWDD under 14 NYCRR Part 679 (or they are provided by Article 28 Diagnostic and Treatment Centers that are explicitly designated by the SDOH as serving primarily persons with developmental disabilities). If care of this nature is provided in facilities other than Article 28 or Article 16 centers, it is a covered service.

ii) Day Treatment

A planned combination of diagnostic, treatment and rehabilitation services provided to developmentally disabled individuals in need of a broad range of services, but who do not need intensive twenty-four (24) hour care and medical supervision. The services provided as identified in the comprehensive assessment may include nutrition, recreation, self-care, independent living, therapies, nursing, and transportation services. These services are generally provided in ICF or a comparable setting. These services are certified by OPWDD under 14 NYCRR Part 690.

iii) Medicaid Service Coordination (MSC)

Medicaid Service Coordination (MSC) is a Medicaid State Plan service provided by OPWDD which assists persons with developmental disabilities and mental retardation to gain access to necessary services and supports appropriate to the needs of the needs of the individual. MSC is provided by qualified service coordinators and uses a person centered planning process in developing, implementing and maintaining an Individualized Service Plan (ISP) with and for a person with developmental disabilities and mental retardation. MSC promotes the concepts of a choice, individualized services and consumer satisfaction. MSC is provided by authorized vendors who have a contract with OPWDD, and who are paid monthly pursuant to such contract. Persons who receive MSC must not permanently reside in an ICF for persons with developmental disabilities, a developmental center, a skilled nursing facility or any other hospital or Medical Assistance institutional setting that provides service coordination. They must also not concurrently be enrolled in any other comprehensive Medicaid long term service coordination program/service including the Care at Home Waiver. Please note: See generic definition of Comprehensive Medicaid Case Management (CMCM) under Item 3 “Other Non-Covered Services.”
iv) Home And Community Based Services Waivers (HCBS)

The Home and Community-Based Services Waiver serves persons with developmental disabilities who would otherwise be admitted to an ICF/MR if waiver services were not provided. HCBS waivers services include residential habilitation, day habilitation, prevocational, supported work, respite, adaptive devices, consolidated supports and services, environmental modifications, family education and training, live-in caregiver, and plan of care support services. These services are authorized pursuant to a SSA § 1915(c) waiver from DHHS.

v) Services Provided Through the Care At Home Program (OPWDD)

The OPWDD Care at Home III, Care at Home IV, and Care at Home VI waivers, serve children who would otherwise not be eligible for Medicaid because of their parents’ income and resources, and who would otherwise be eligible for an ICF/MR level of care. Care at Home waiver services include service coordination, respite and assistive technologies. Care at Home waiver services are authorized pursuant to a SSA § 1915(c) waiver from DHHS.

3. Other Non-Covered Services

a) The Early Intervention Program (EIP) – Children Birth to Two (2) Years of Age

i) This program provides early intervention services to certain children, from birth through two (2) years of age, who have a developmental delay or a diagnosed physical or mental condition that has a high probability of resulting in developmental delay. All managed care providers must refer infants and toddlers suspected of having a delay to the local designated Early Intervention agency in their area. (In most municipalities, the County Health Department is the designated agency, except: New York City - the Department of Health and Mental Hygiene; Erie County - The Department of Youth Services; Jefferson County - the Office of Community Services; and Ulster County - the Department of Social Services).

ii) Early intervention services provided to this eligible population are categorized as Non-Covered. These services, which are designed to meet the developmental needs of the child and the needs of the family related to enhancing the child’s development, will be identified on eMedNY by unique rate codes by which only the designated early intervention agency can claim reimbursement. Contractor covered and authorized services will continue to be provided by the Contractor. Consequently, the Contractor, through its Participating Providers, will be expected to refer any enrolled child suspected of having a developmental delay to the locally designated early intervention agency in their area and participate in the development of the Child’s Individualized Family Services Plan (IFSP). Contractor’s participation in the development of the IFSP is necessary in order to coordinate the provision of early intervention services and services covered by the Contractor.
iii) SDOH will instruct the locally designated early intervention agencies on how to identify an Enrollee and the need to contact the Contractor or the Participating Provider to coordinate service provision.

b) Preschool Supportive Health Services–Children Three (3) Through Four (4) Years of Age

i) The Preschool Supportive Health Services Program (PSHSP) enables counties and New York City to obtain Medicaid reimbursement for certain educationally related medical services provided by approved preschool special education programs for young children with disabilities. The Committee on Preschool Special Education in each school district is responsible for the development of an Individualized Education Program (IEP) for each child evaluated in need of special education and medically related health services.

ii) PSHSP services rendered to children three (3) through four (4) years of age in conjunction with an approved IEP are categorized as Non-Covered.

iii) The PSHSP services will be identified on eMedNY by unique rate codes through which only counties and New York City can claim reimbursement. In addition, a limited number of Article 28 clinics associated with approved pre-school programs are allowed to directly bill Medicaid fee-for-service for these services. Contractor covered and authorized services will continue to be provided by the Contractor.

c) School Supportive Health Services–Children Five (5) Through Twenty-One (21) Years of Age

i) The School Supportive Health Services Program (SSHSP) enables school districts to obtain Medicaid reimbursement for certain educationally related medical services provided by approved special education programs for children with disabilities. The Committee on Special Education in each school district is responsible for the development of an Individualized Education Program (IEP) for each child evaluated in need of special education and medically related services.

ii) SSHSP services rendered to children five (5) through twenty-one (21) years of age in conjunction with an approved IEP are categorized as Non-Covered.

iii) The SSHSP services are identified on eMedNY by unique rate codes through which only school districts can claim Medicaid reimbursement. Contractor covered and authorized services will continue to be provided by the Contractor.

d) Comprehensive Medicaid Case Management (CMCM)

A program which provides “social work” case management referral services to a targeted population (e.g.: pregnant teens, mentally ill). A CMCM case manager will assist a client in accessing necessary services in accordance with goals contained in a written case management plan. CMCM programs do not provide services directly, but
refer to a wide range of service Providers. Some of these services are: medical, social, psycho-social, education, employment, financial, and mental health. CMCM referral to community service agencies and/or medical providers requires the case manager to work out a mutually agreeable case coordination approach with the agency/medical providers. Consequently, if an Enrollee of the Contractor is participating in a CMCM program, the Contractor must work collaboratively with the CMCM case manager to coordinate the provision of services covered by the Contractor. CMCM programs will be instructed on how to identify a managed care Enrollee on EMEVS and informed on the need to contact the Contractor to coordinate service provision.

e) School-Based Health Centers

A School-Based Health Center (SBHC) is an Article 28 extension clinic that is located in a school and provides students with primary and preventive physical and mental health care services, acute or first contact care, chronic care, and referral as needed. SBHC services include comprehensive physical and mental health histories and assessments, diagnosis and treatment of acute and chronic illnesses, screenings (e.g., vision, hearing, dental, nutrition, TB), routine management of chronic diseases (e.g., asthma, diabetes), health education, mental health counseling and/or referral, immunizations and physicals for working papers and sports.
Family Health Plus
Non-Covered Services

1. Non-emergency Transportation Services (except for 19 and 20 year olds receiving C/THP Services per K.2, Section 23. e) of this Appendix, in counties that have not implemented the Medicaid Managed Care transportation carve-out)
2. Personal Care Services
3. Private Duty Nursing Services
4. Long Term Care – Residential Health Care Facility Services
5. Medical Supplies
6. Alcohol and Substance Abuse (ASA) Services Ordered by the LDSS
7. Office of Mental Health/ Office for People With Developmental Disabilities
8. School Supportive Health Services
9. Comprehensive Medicaid Case Management (CMCM)
10. Directly Observed Therapy for Tuberculosis Disease
11. AIDS Adult Day Health Care
12. Home and Community Based Services Waiver
13. Opioid Treatment Program (OTP)
14. Day Treatment
15. IPRT
16. Infertility Services
17. Adult Day Health Care
18. School Based Health Care Services
19. Personal Emergency Response System
20. Consumer Directed Personal Assistance Services
21. Orthodontia
