

# Member Rewards Program

The EmblemHealth Member Rewards Program gives members opportunities to be rewarded for taking good care of their health. Members who join can earn rewards for getting needed medical care such as their annual wellness visit, selected preventive screenings, and more.

## Who is eligible for the program?

EmblemHealth Medicare plan members, including those in a Dual-Eligible Special Needs Plan (D-SNP); Enhanced Care (Medicaid), Enhanced Care Plus (HARP), and Child Health Plus (CHPlus) members. Registration must be completed by **Dec. 31, 2026** and is required for members to be eligible for rewards.

## How do members enroll?

**Medicare:** Members may sign in to the member portal at [my.emblemhealth.com](http://my.emblemhealth.com) or call the phone number on their member ID card.

**Medicaid, HARP, CHPlus:** Members may register at [emblemhealthrewards.nationsbenefits.com](http://emblemhealthrewards.nationsbenefits.com) or call the phone number on their member ID card.

## How does the program benefit the member?

Registered members will be issued a reloadable reward card through NationsBenefits upon completion of their first qualifying activity. Funds are loaded to the card after each activity has been completed.

The program helps members by encouraging them to get necessary preventive screenings and testing to help them avoid unnecessary future health complications.

## How can you support your patients in the program?

The EmblemHealth Member Rewards Program is simple — no provider forms are required and it's easy for members to collect their rewards. All you need to do is provide care as you always do, including referring patients for necessary screenings such as mammograms and colorectal health screenings.

This program supports member preventive and routine care compliance, helping providers achieve quality and efficiency goals.
