

2026 EmblemHealth Provider Webinar Series

Power BI Navigation

EmblemHealth®

Power BI

(formerly Tableau)

Power BI is Microsoft's cloud-based business analytics and data visualization platform. It transforms raw, disjointed data from multiple sources into interactive, easy-to-understand visual dashboards and reports, empowering professionals to make quick, data-driven decisions.

2026 Provider Toolkit

EmblemHealth offers real-time data reporting, providing a dynamic tool to monitor performance, identify opportunities for quality gap closure, and keep track of any incentives earned.

Performance by Line of Business <i>including number of patients required to move to next tier and current rate</i>	<table border="1"> <thead> <tr> <th colspan="2">Overall Scorecard</th> <th colspan="3">Medicare Scorecard</th> <th colspan="5">Medicaid/Essential Scorecard</th> </tr> <tr> <th>Measure</th> <th>Product Line</th> <th>Patients to Tier 1 Target</th> <th>Patients to Tier 2 Target</th> <th>Patients to Tier 3 Target</th> <th>Compliant Patients</th> <th>Total Patients</th> <th>Ratio</th> <th>Tier 1 Target</th> <th>Tier 2 Target</th> </tr> </thead> <tbody> <tr> <td>Blood Sugar Control for Patients with Diabetes</td> <td>Medicare</td> <td>339</td> <td>615</td> <td>708</td> <td>1,666</td> <td>3,075</td> <td>54.2%</td> <td>65%</td> <td>74%</td> </tr> <tr> <td>Breast Cancer Screening</td> <td>Medicaid/Essential</td> <td>Achieved</td> <td>Achieved</td> <td>140</td> <td>4,863</td> <td>6,988</td> <td>69.6%</td> <td>65%</td> <td>67%</td> </tr> </tbody> </table>	Overall Scorecard		Medicare Scorecard			Medicaid/Essential Scorecard					Measure	Product Line	Patients to Tier 1 Target	Patients to Tier 2 Target	Patients to Tier 3 Target	Compliant Patients	Total Patients	Ratio	Tier 1 Target	Tier 2 Target	Blood Sugar Control for Patients with Diabetes	Medicare	339	615	708	1,666	3,075	54.2%	65%	74%	Breast Cancer Screening	Medicaid/Essential	Achieved	Achieved	140	4,863	6,988	69.6%	65%	67%

Accessing Power BI

The screenshot displays the Provider Portal interface. At the top is a navigation bar with links: Home, Member Management, Claims, Referrals, Preauthorization, Dental ProDetermination, Provider Profile, Create Emergent Inpatient Admission, and More. Below this are three news cards: 'May 2026 Edition of Office Visit - Monthly Provider News', 'Updated Behavioral Health Information', and 'Updated Preauthorization Lists'. A 'Take action' section follows, containing a grid of 16 buttons for various tasks like 'Check Member Eligibility', 'Search Claim/Payment Status', 'Finish Incomplete Requests & Notifications', 'Create Claim', 'Search EOP', 'Search Preauthorization', 'Create Preauthorization', 'Preauthorization Check Tool', 'Search Referral', 'Create Referral', 'Create Emergent Inpatient Admission', and 'View Lab Results'. Below this is the 'Interactive Reporting Applications' section with three buttons: 'Provider Dashboards', 'Quality Incentive Program' (highlighted with a red box and a red arrow pointing down), and 'Risk Adjustment (Collaborate Program)'. At the bottom, there are three buttons for the 'Quality Incentive Program' extension: 'Quality Incentive Program 2024_Ext', 'Quality Incentive Program 2025_Ext', and 'Quality Incentive Program 2026_Ext' (highlighted with a red box and a red arrow pointing down).

How to Access Member List:

- Log into Provider Portal*
 - [Provider Log-In](#)
- Scroll Down and click on Quality Incentive Program – opens to blank page
- Then select Quality Incentive Program 2026 at the Top

*If you do not have a portal account, use the application under Request Provider Portal Account at emblemhealth.com/providerportal.

Extracting Member List from Power BI

The screenshot shows a Power BI dashboard with the following components:

- Filters:** Six filter boxes at the top, each with a dropdown menu set to "All":
 - Company
 - Provider Grouping
 - Provider Group ID
 - Provider Group Description
 - PCP name (indicated by a red arrow)
 - Incentive Measure
- Scorecards:** Four scorecard boxes below the filters:
 - Overall Scorecard
 - Medicare Scorecard
 - Medicaid/Essential Scorecard
 - Member List (highlighted in purple and indicated by a red arrow)
- Legend:** A legend on the right side of the dashboard:
 - Green circle: All 3 targets achieved
 - Yellow circle: Target1 or 2 achieved
 - Red circle: No target achieved
- Table:** A table below the scorecards with the following columns:

Measure	Product Line	Provider Group ID	Patients to Tier 1 Target	Patients to Tier 2 Target	Patients to Tier 3 Target	Compliant Patients	Total Patients	Selected Provider Ratio	Medcenter level Ratio	Tier 1 Target	Tier 2 Target	Tier 3 Target	Total Achieved Incentive
[Empty table body]													
- Dropdown Menu:** A context menu is open over the table, showing options: Share, Add alert, Add a comment, Explore this data (preview), Export data (indicated by a red arrow), Show as a table, Spotlight, Get insights, Sort descending, Sort ascending, and Sort by. The ellipsis (three dots) icon in the legend is also circled in red.

Navigation to Export Member List

Step 1: Click on Member List

Step 2: Hover over a member's name and the Ellipsis (⋮) will appear

Step 3: Left Click on Ellipsis and choose Export Data from the Dropdown

Extracting Member List from Power BI (cont'd.)

Export Data Pop-up Box

Which data do you want to export?

Export your data in the format that suits your needs. If you have a lot of data, the number of rows you export might be limited depending on the file type you select. [Learn more about exporting data](#)

☐ 
Data with current layout
Export this data in the same layout you see now, but without any icons, colors, or other formatting you added.

☒ 
Summarized data
Export the summarized data used to create your visual (for example, sums, averages, and medians).

☐ 
Underlying data
Visual does not have aggregates or measures

File format:

.xlsx (Excel 150,000-row max) v

Export

Cancel

Data with Current Layout

- Member List in same layout as on screen
- Raw data, no formatting

Summarized Data

- Member list in excel table ready to be filtered
- Most useful

Underlying Data (not accessible)

Navigation to Export Member List (cont'd.)

Step 4: Select Format (Summarized Data recommended)

Step 5: File Format (leave as .xlsx)

Step 6: Export
