EmblemHealth Large Group Generic Drug List

2027 Drug List (List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.

Thank you for being an EmblemHealth member. This guide tells you about the list of covered drugs in your plan. This list is called a drug list. It is up to date as of **Jan. 1, 2027**. Please note: This list may change over time, such as when:

- We add a new, less costly drug.
- We remove a drug that may no longer be as effective as other drugs.

Which drugs are included in the drug list?

Our list of covered drugs includes both brand-name drugs and generic drugs. The brand name is the name the drug company gave the drug. For example, the brand name of acetaminophen is Tylenol. Generic drugs are the low-cost version of the brand-name drug.

What if I don’t see the drug I need?

If your doctor orders you a drug that is not listed in this formulary, please call **877-793-6253** (TTY: **711**). We can review your next steps. Our hours are 8 a.m. to 6 p.m., Monday through Friday, and 10 a.m. to 1 p.m., Saturday and Sunday. A representative will be happy to help.

How do I use the drug list?

You can look for your drug using the index. This starts on page 53. Generic drugs are shown in lower-case boldface type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic products have no reference brand.

Brand prescription drugs are shown in capital letters followed by the generic name.

This drug list will also tell you which tier your drug belongs in. The chart below shows you what each tier means.

Tier	Explanation
ACA	$0 cost share preventive drugs (there may be some limits on these drugs; see below).
Tier 1	Generic

What are generic drugs?

Generic drugs are the low-cost version of a brand-name drug. Generally, a pharmacist will fill the generic type of the drug your doctor ordered if it is available. This may happen **even if** your prescription is written for a generic drug.

If you want the brand-name drug, be sure your doctor tells the pharmacist to give you the brand-name drug. When this happens, you may have to pay the copay (the set amount you pay) for the generic drug, plus the cost difference between the brand-name drug and the generic.

Are there any limitations on my coverage?

A medicine listed in this guide does not mean we will pay for it. For example, some drugs may need prior authorization, or approval, for us to pay for them. In other cases, we may only pay for certain amounts or strengths. These drugs will have initials after their names. Following is a list of abbreviations that explains what the initials mean.

List of abbreviations and what these terms mean to you

ACA: Affordable Care Act. Under this health care reform law, if you qualify, you can get your drug at no cost if it is right for your age and condition, and used properly.

FF: This product is currently affected by the Frozen Formulary mandate. Coverage, copay, and utilization management may change due to frozen formulary depending on your plan year start date.

LA: Limited Availability. You may only be able to get this drug at some drug stores.

PA: Prior Authorization. The plan requires you or your doctor to get approval before you fill your prescription. If you don’t get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the plan limits the amount of the drug that we will cover.

SP: Specialty Drugs. Specialty drugs may require special handling, patient monitoring, and unique education prior to use.

ST: Step Therapy. In some cases, the plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can ask us to make an exception to a restriction or limit on a drug. We can also give you a list of other, similar drugs that may work. Speak with your doctor about this first.

Can I get my drugs delivered to my home?

Yes, your plan benefit provides the convenience of home delivery. Home delivery may save you money if you refill drugs every month and think you will be on the same drug(s) for six months or longer. Home delivery is as safe as going to your local pharmacy. Pharmacists check every order for accuracy and are available 24/7 to answer your questions.

Disclaimer

Please see your Certificate of Coverage for plan details. It will tell you what is covered and how much you pay for your drugs. To help keep your costs down, ask your doctor to prescribe generic drugs when possible. You can view your Certificate of Coverage and other important plan information by signing in to your member portal at **my.emblemhealth.com**.

NOTE: Not all drugs in this list are paid for by all drug benefit plans, so coverage is not guaranteed. Check your benefits for copay and any other requirements you may have under your plan. If you have other questions about your drug benefits, please call the phone number on the back of your member ID card.

Drugs that are indicated with a "*" next to the tier in the Prescription Drug List denote group specific coverage.
