NO ANNUAL MAXIMUM

The “annual maximum” is the most your dental plan will pay toward the cost of dental care within a specific benefit period (usually a calendar year). With EmblemHealth’s FEDVIP plan, there is no annual dollar maximum for most covered services.

ORTHODONTIA LIFETIME MAXIMUM

Each person under the plan is covered separately for up to \$4,000 of orthodontia for High Option members and \$3,000 for Standard Option members for their lifetime. Orthodontic procedures may include: appliances, adjustments, insertion, removal, and post-treatment stabilization (retention).

Copay: The amount you pay for health services.

Coinsurance: The percentage you pay for services after your plan starts to pay.

Deductible: The amount you pay before your plan starts to pay.

Preferred fee schedule allowance: The amount EmblemHealth pays its participating providers for dental services.

IMPLANT ANNUAL MAXIMUM

As an exclusive courtesy to our federal members, we help lower your costs by providing the following allowances:

- High Option: \$4,500 annual implant maximum.
- Standard Option: \$3,000 annual implant maximum.

LOW BIWEEKLY RATES

Compare the high cost of dental services in your region with our low biweekly rates below. You’ll see how FEDVIP dental benefits can make real financial sense for you and your family.

Enrollment Code	Enrollment Type	Standard Option Biweekly Rate	High Option Biweekly Rate

OUT-OF-NETWORK COVERAGE

We pay 100% of the plan’s Preferred fee schedule allowance for out-of-network covered services. You are responsible for the difference between our Preferred fee schedule allowance and the dentist’s charge, in addition to your out-of-network deductible.

You will be reimbursed for covered services when you use an out-of-network dentist. Just submit a claim to us. We’ll send you a check for the amount we cover.

Since we don’t have a payment contract with out-of-network dentists, the amount we pay you may not be the full amount the dentist charges.
