

EMBLEMHEALTH PPO

Quick Start Guide To Your Benefits

THE MOST IMPORTANT THING YOU NEED TO KNOW

You're a member of the EmblemHealth PPO plan that uses the National network. This means you can choose from outstanding doctors whether they are in network or out of network — all without needing referrals for specialist care. However, out-of-pocket costs are lowest when you see doctors who participate with the EmblemHealth National network.

FIND A DOCTOR IN YOUR NETWORK

1. Sign in at **emblemhealth.com**.
2. Go to "Find a Doctor."
3. On the Provider Search web page, select the type of provider you are looking for. Enter a ZIP code to search by location or name to search by provider name.
4. Click on the "Search" button.
5. You will see a list of providers. Review the profiles until you find one who best meets your needs.

Keep in mind:

- By using the online directory, you always get the most current information about providers in the National network, including primary care doctors, specialists, hospitals, urgent care centers and other care facilities.
- You can use the *Find a Doctor* tool without registering and signing in to our Web site.
- If you need help finding a doctor in your area, just call us at **1-877-842-3625**. We'll be happy to assist.

USE QUEST DIAGNOSTICS FOR LAB WORK

To help you keep any out-of-pocket expenses as low as possible, we encourage you and your doctor to use Quest Diagnostics, our preferred laboratory provider. Quest is a national laboratory with extensive coverage in our service area. For added convenience, Quest now offers lab testing by appointment, which you can schedule online at **questdiagnostics.com/appointment**. Or, call **1-888-277-8772** and use the automated phone system to schedule your lab testing. No appointment? Walk-ins are always welcome.
