

HIP SELECT PPO

Quick Start Guide To Your Benefits

THE MOST IMPORTANT THINGS YOU NEED TO KNOW

You're an EmblemHealth member in our HIP Select PPO plan. HIP Select PPO offers both in- and out-of-network benefits, but you maximize your coverage when you use in-network providers. So when setting up office visits, ask if the doctor participates with the HIP Select PPO plan at that location.

FIND A DOCTOR IN YOUR NETWORK

1. Sign in at **emblemhealth.com**.
2. Go to "Find a Doctor."
3. On the Provider Search web page, select the type of provider you are looking for. Enter a ZIP code to search by location or name to search by provider name.
4. Click on the "Search" button.
5. You will see a list of providers. Review the profiles until you find one who best meets your needs.

Keep in mind:

- By using the online directory, you always get the most current information about providers in your network, including primary care doctors, specialists, hospitals, urgent care centers and other care facilities.
- You can use the *Find a Doctor* tool without registering on our Web site. If you don't register, be sure to search within the network (Prime or Premium) your employer selected. This information is noted on your member ID card.
- If you need help finding a doctor in your area, just call us at **1-800-447-8255**. We'll be happy to assist.

YOUR PCP'S ROLE

With the HIP Select PPO plan, you are not required to select a primary care physician (PCP) and can visit network specialists without a referral. However, we strongly encourage you to establish a relationship with a PCP. Having one doctor who knows your complete medical history may be helpful when you need specialist recommendations or to expertly coordinate your care should illness or injury strike.

USE QUEST DIAGNOSTICS FOR LAB WORK

To help you keep any out-of-pocket expenses as low as possible, use Quest Diagnostics, our preferred laboratory provider, for lab testing. Quest is a national laboratory with extensive coverage in our service area. For added convenience, Quest now offers lab testing by appointment, which you can schedule online at **questdiagnostics.com/appointment**. Or, call **1-888-277-8772** and use the automated phone system to schedule your lab testing. No appointment? Walk-ins are always welcome.

REDUCING YOUR COSTS

To keep your out-of-pocket costs as low as possible, be sure to see doctors who are in your HIP Select PPO plan's network. If you need to have a non-emergency procedure done, be sure that the doctor or facility has contacted us for prior approval. Some of your covered services require a copayment and others are subject to a deductible and coinsurance, depending on where you receive services. (For example, diagnostic lab and radiology services may not be subject to a deductible or coinsurance when received in a doctor's office, but they would be in an outpatient facility.)
