

EMBLEMHEALTH PREFERRED PLUS DENTAL

For Groups With 51 or More Employees

EmblemHealth Preferred Plus Dental offers maximum flexibility. This PPO plan provides in-network and out-of-network coverage. Choose from various benefit levels, deductibles and out-of-network reimbursement options.

Choose Your Benefit Level

You can choose from various benefit levels, from basic services to the most comprehensive.

- Preventive/Basic
- Preventive/Basic/Major
- Preventive/Basic/Major with Orthodontics
- Value package available with Preferred Plus only*
- You can choose to rollover a portion of unused calendar-year maximums.

Choose Your Reimbursement Level

You can choose how out-of-network benefits for covered services are paid.

- At the in-network level
- At the 50th, 80th or 90th percentile of FAIR Health's data

Choose Your Deductible

Members have 100% coverage for all in-network preventive services. We will help you identify the member cost-sharing for other in-network services.

A "Healthy" Dental Network

Members can choose from over **9,500 general dentists and specialists in New York and New Jersey**. You can also add access to a **national network**, for coast-to-coast coverage. Our dental network meets the highest quality standards in the nation. The network is fully credentialed by an NCQA certified Credentialing Verification Organization (CVO). With Preferred Plus Dental, members can see any network dentist and specialist without a referral.

The Comfort of Administrative Ease

EmblemHealth has a proven record for fast, efficient claims processing, and we provide personalized Account Services for groups, which adds up to streamlined and painless administration. For members and providers, we offer online self-service capabilities that allow them to check on claims, benefits and much more. Plus, with the **myEmblemHealth mobile app**, members have useful benefit and plan information right at their fingertips. They can sign in to securely manage their benefits, 24/7. The app is downloadable through Android and Apple devices.

For more details, visit www.emblemhealth.com or contact your broker.

*By shifting many type B services to Type C, the value package limits your exposure to certain costly claims, lowers your premium rate and helps minimize premium increases. EmblemHealth Standard Package reimburses endodontics, periodontics, oral surgery, general anesthesia and IV sedation as type B services.

Available to groups with 51 or more eligible employees. Refer to GHI policy form numbers PLD-1103-C, PLD-1104-C et al.
