

EmblemHealth Offers Dental Plans

We take an integrated, holistic approach to health. That's why our product portfolio is enhanced with a variety of dental plans for both large and small groups.

You can purchase dental insurance even if you don't have medical insurance with us.

If you do carry our medical insurance, remember that bundling our products helps employers save money.

Our dental plans offer:

- Contracted rates with in-network dentists that are often much lower than their regular fees.
- A variety of member cost sharing options.
- Services with no referrals needed for in-network providers.
- A provider network conveniently located in New York and New Jersey and access to a nationwide network of dentists.
- The ability to choose from a variety of out-of-network reimbursement levels.
- Member access to their dental information in our secure member portal.

Network Provider credentialing is handled by the National Committee for Quality Assurance (NCQA) certified Credentialing Verification Organization.
