

EMBLEMHEALTH BRONZE HSA PLAN

VALUE PROPOSITION

The Bronze HSA plan gives employers the opportunity to cover their employees with a low cost plan. Members will be able to use a Health Savings Account (HSA) to save pre-tax dollars for their medical care. Members also have access to telemedicine services, and dental and vision benefits for children.

PLAN DETAILS

- Health Savings Account funded through pre-tax dollars to pay for medical care.
- Includes coverage for new services like telemedicine.
- Dental and vision benefits for children.

NETWORK DESCRIPTIONS

Starting January 1, 2018, EmblemHealth's small group plans will include access to our larger Prime network. Members can choose from 51,000 more health care professionals and 39 more hospitals than with the Select Care network.

With our Prime Network, members can choose from over 90,000 private and group practice health professionals, facilities and 144 hospitals in 28 New York State counties — all five boroughs of New York City (the Bronx, Brooklyn, Manhattan, Queens and Staten Island), plus Nassau, Suffolk, Orange, Rockland, and Westchester counties and upstate areas that stretch north of Albany.

All of our current groups will be moved when they renew. Unless it's an emergency, members must pay for medical services if they get treatment outside of our network.

COST SHARING

Members will have a \$5,500 deductible, the amount members have to pay before EmblemHealth starts to pay. Once the deductible is paid, the member will pay 50% of the bill for covered services. For individual-only coverage, the maximum amount members will have to pay per year is \$6,550 out of pocket.

PHARMACY

Copays for generic and brand name drugs apply after the deductible is met. After the deductible is met, members will pay a \$10 copay for generic drugs, low-cost versions of brand name drugs. Members will pay a \$35 copay for brand name drugs on our drug list and a \$70 copay for brand name drugs not on our drug list.
